Soviets Greet Adenauer

Talks May Be Turning Point in E-W Relations

Moscow, Sept. 8 (AP)—West Germany's Chancellor Konrad Adenauer flew into Moscow today for talks with Kremlin leaders which may prove a turning point in East-West relations.

The highest Soviet government and Communist party leaders came out to greet the 79-year-old chancellor. They included Premier Nikolai Bulganin, Communist party boss Nikita Krushchev, Foreign Minister V. M. Molotov, First Deputy Premier Mikhail Pervukhin and others. The airstrip was crowded by diplomats from East and West.

The stern old chancellor stepped from his gleaming Super-Constellation to begin crucial conferences on the future of Soviet-West German relations which could influence the entire course of world history.

HIS FOREIGN minister, Heinrich von Brentano, preceded Adenauer by about 40 minutes. He was greeted by Molotov and most of the diplomatic corps, including U. S. Ambassador Charles E. Bohlen.

Brentano's American-built Superconstellation was the biggest airplane ever to land on Moscow's commercial airport. Special steps had to be built to reach the plane's doors.

In an airport statement on leaving Bonn, Chancellor Adenauer said he was going to Moscow "with the best intentions of doing everything possible to further world peace and to restore the unity of Germany and to reach agreement for the return of our prisoners of war."

"OUR GOAL is to serve the cause of peace, not only in Europe but in the entire world," he declared.

Two American-built Constellations carried Adenauer and 49 members of his delegation on the nonstop flight from Bonn to the Soviet capital. Foreign minister Heinrich von Brentano headed one party, the chancellor the other. The rest of the 116 delegation members had gone earlier by train.

The planes, chartered from West Germany's Lufthansa Airline, had American pilots, German copilots and Russian navigators, radiomen and interpreters.

THEY WERE to land at a military airport 12 miles outside Moscow (about 9:30 a. m., EST). After welcoming ceremonies, Adenauer and his staff were to go to their headquarters in the

Villagers Will Vote To Reassess

Reassessment of the village of Saugerties will be decided by a special referendum of the resident taxpayers according to a resolution adopted by the village board of trustees approving the proposed program at the Wednesday night meeting of the board.

The special referendum for approval of the reassessment program and authorization to float a bond issue to cover the cost of the program will be held on Tuesday, Sept. 20 from 12 noon to 8 p. m.

The village board of trustees of Saugerties has long favored such a program in the belief that it would benefit the village to have its properties reappraised.

Two firms specializing in reappraising of communities were heard at separate board meetings. At a special meeting of the board more than a week ago J. Frank Kelley head of an Albany firm doing such work gave an estimate of $10,500 for the reassessment of the village.

John J. Gokey head of his firm of Rochester attended the Wednesday night meeting and gave an estimate of $9,500 for the job.

In conformance with the recommendations of the Saugerties Planning Commission that the village consider zoning, a zoning commission was appointed by a special resolution adopted by the board of trustees. William D. Brinnier was designated as chairman; Trustee David S. Cunningham, vice chairman; and members include Anthony P. Vicevich, Mrs. Jane Perks and Mrs. Dorothy Adams.

THE NEW COMMISSION will recommend the boundaries of the various original zoning dis-

House Obtained For Fire Drills

Mayor Frederick H. Stang today announced acquisition of a building from the Kingston Housing Authority for training purposes by the paid and volunteer firemen.

Chief James Brett said simulated fires of all types would be fought at the brick residence, 32 East Pierpont street, loaned by the authority.

The building is the only one left, besides an old barn, still standing on the downtown area cleared in accordance with regulations to remove unsuitable housing when Colonial Gardens were built on Flatbush avenue.

Training, which is due to start on a small scale next week will be stepped up gradually. The basement of the building will be used as a smoke chamber where firemen will be taught to endure smoke and effect rescues with masks.

Other courses will include forcible entry and ventilation under fire conditions, and the firemen will get training in the use of hose, equipment, ladders, and will be given fire strategy problems with apparatus.

Brett said paid and volunteer firemen would work in close cooperation during the training courses.

Extension Course Fall Schedules Set at New Paltz

Schedules for fall extension courses at the State University Teachers College, New Paltz, were announced this week by Dr. William J. Haggerty, president of the college.

Extension courses in this area will be offered in New Paltz, Kingston, Newburgh, Amenia, Port Jervis. Each course will meet 15 times for three credits, and the tuition will be nominal. There is no registration fee.

Detailed information may be obtained from the office of the Coordinator of Field Relations, State University Teachers College, New Paltz.

The dates, times, and places for registration and the first meeting of each course are as follows:

New Paltz, State University Teachers College, Wednesday, Sept. 14, 4:15-6:45 p. m.

Graduate Studio in Crafts II (Art 516r) open to graduates and undergraduates, but enrollment limited to 25, and

The Family in American Culture (S.S. 502r) open to graduates and undergraduates.

Wednesday, 7 to 9:30 p. m., organization and administration of the Elementary School (Ed. 532r) open to graduate students only and principles of research (I.D. 500rA) open to graduate students only.

Tuesday, Sept. 20, 4:15-6:45 p. m., readings in American History (S.S. 518rA) open to graduates and undergraduates.

Tuesday, 7 to 9:30 p. m., astronomy (Sci. 523r) open to graduates and undergraduates and seminar in Contemporary Literature (Eng. 516rA) open to graduates and undergraduates.

Kingston, George Washington School, seminar in American Literature II (Eng. 514) on Monday, Sept. 19, 4:15-6:45 p. m.

Youth Program Answer In Emergency: Javits

New York, Sept. 8 (AP)—Atty. Gen. Jacob K. Javits said today "an emergency program can help to end the present emergency character of juvenile delinquency and youth crime."

"Such an emergency program," he added, "must operate in the fields of the social and correctional services, guidance, recreation and education; it will take money and widespread governmental and voluntary effort to effectuate in time."

Javits made the comment in a statement prepared for a public hearing before the temporary state commission on youth and delinquency.

THE HEARING, the 11th and final regional hearing by the commission, dealt with Manhattan and the Bronx.

Javits said the two New York city boroughs have "the most critically serious rate of lawlessness by youths and children in the entire state."

Javits' statement continued:

"In the entire city, the rate of delinquence cases per 1,000 children is twice as high as the rest of the state, 8.8 here as against 4.1 upstate. And together, Manhattan and the Bronx have the worst delinquency rate in the city, with a total of 914 children's cases adjudicated in the first three months of this year. This figure is higher than the combined totals of any other two counties in the city.

"FURTHERMORE, during the first six months of 1955 in New York city, 42 per cent of the formal cases adjudicated as delinquency by the children's division of the Domestic Relations Court were Manhattan and Bronx cases."

Javits said that "the magnitude of this problem" in the Manhattan-Bronx area is highlighted by "the evidence that the rate of delinquency and youth crime continues on the upswing."

"The New York City Youth Board," he continued, "has recorded an 'unprecedented' increase of 52.7 per cent in delinquency of youths 16 to 21 during

Enrollment In Schools Largest Ever

Kingston schools, pushing a little at the seams in spots, opened yesterday with the highest registration in its history—275 pupils higher than last year.

Total enrollment in the city's high school, junior high and eight elementary schools at the end of the first day of school was 5,654 against 5,379 for the same date last year.

THE LOAD has been much relieved by the reopening of School 8, necessitated by heavy registration increases. School 8 was closed two years ago with the opening of the new George Washington School.

Registration at Schoool 8 was listed as 218 by Superintendent of Schools Elbert Soper.

The highest increase in the system was at Kingston High School which showed a registration of 1,846 against 1,720 last year, an increase of 126.

The Myron J. Michael School (junior high) showed a registration of 880 against 827 last year, an increase of 53.

School 2 had a registration of 356 against 306 last year, an increase of 50.

School 3 had a registration of 239 against 231 last year, an increase of eight.

School 4 had a registration of 206 against 203 last year, an increase of three.

School 5 had a registration of 438 against 495 last year, a loss of 57.

School 6 had a registration of 402 against 525 last year, a loss of 123.

School 7 had a registration of 313 against 345 last year, a loss of 32.

The George Washington School had a registration of 756 against 727 last year, an increase of 29.

Elementary school totals showed an increase of 96 over last year.

Mr. Soper explained that the heavy loss of pupils in School 6 was due to the fact that a number had been moved into the newly opened School 8.

The increase at Kingston High School was a "few more than expected," Mr. Soper said, pointing out that two rural districts were sending additional children. One of these districts, which had been sending children from Grades 8 through 12 is now sending them from Grades 7 through 12. The other district, which had been sending children from Grades 9 through 12 is now sending them from Grades 8 through 12. This amounts to the increase of one class from each district.

H.C. Greer Named New Paid Fireman

Hugh C. Greer, of 22 Staples street was appointed to the local fire department at a special meeting of the Board of Fire Commissioners last night.

The new fireman will replace Howard S. Whitaker, of 257 Greenkill avenue, who was with the department since Jan. 1, 1948. Whitaker is due to leave Sept. 15 to go into the dairy business.

Greer, who has been employed by Montgomery Ward & Co. as a salesman, was born in Yonkers, and was a resident of this city for about eight years with the exception of time spent in the U. S. Navy. He served in the navy in both World War 2 and the Korean conflict. He was educated in Yonkers grade and high schools. His family includes a son and two daughters.

Whitaker's resignation was accepted by the fire board at its regular meeting last week. Greer was the only name remaining on the local civil service eligibility list.

HELD AT GUNPOINT—Rep. Joe Holt (R.-Cal.) tells at the Capitol, Sept. 7, about how a Russian army lieutenant in Moscow last week held a cocked pistol to his head for more than an hour. The brush with the Red officer, Holt said, came after he was refused permission to take pictures during a visit to a suburban school. The American government has filed an official protest, Holt declared. (AP Wirephoto).

Convenient Train Service Is Asked By Area Chamber

Better and more convenient passenger service on the main line of the New York Central Railroad, when the Kingston-Rhinecliff bridge is completed, was requested today by the Kingston Area Chamber of Commerce.

J. Ellis Briggs, president of the Chamber of Commerce, made this announcement today after the decision to write to railroad officials was made by the executive committee at a meeting Wednesday afternoon. Albert Kurdt, manager of the Chamber, was instructed to write to G. D. Bogart, director of services, for the railroad.

BRIGGS FURTHER said that the Chamber is definitely interested in providing the best possible railroad passenger service which would encourage still further expansion of the Kingston Area.

The following is a complete text of the letter written to Mr. Bogart:

Mr. G. D. Bogart
Director of Services
New York Central Railroad
230 Park Avenue
New York 17, New York
Dear Mr. Bogart:

You will recall that when Mr. Briggs, president of our Chamber of Commerce, and I visited your office regarding West Shore Division passenger service, we also conferred with your general counsel, Mr. Dwyer. At that time reference was made to the possibility of providing better service for Kingston area resi-

Million-a-Day Stoppage Spreads on East Coast

New York, Sept. 8 (AP)—The New York-New Jersey Waterfront Commission moved today for an injunction to halt a longshoremen's walkout that has crippled the port of New York.

This is the agency set up by the Legislatures of the two states two years ago to clean house on New York harbor piers, long the scene of strife and racketeering.

The walkout is aimed at the commission and commission policies, and not at employers.

THE COMMISSION'S action came as the tie-up, costing an estimated million dollars a day in New York, spread to Baltimore and threatened to hit Philadelphia and Boston.

It was the second court action intended to get the men back to work. They walked out yesterday.

The New York Shipping Assn., employer group, obtained a restraining order in state Supreme Court yesterday.

William V. Bradley president of the International Longshoremen's Assn. (ILA), independent, said today he had not yet received a copy of the restraining order—and the walkout went on.

Bradley told a cheering group of dockworkers today he would not recommend a resumption of work until Govs. Averell Harriman of New York and Robert Meyner of New Jersey met with the union.

IN TRENTON, Meyner responded:

"The chief executive of New Jersey doesn't knuckle under to any group, especially when it is in contravention of a statute which was passed almost unanimously by both Houses of the Legislature."

Meyner was referring to the statute creating the Waterfront Commission.

He told a news conference the proper person for the dockers to see was Joseph Weintraub, the commission's New Jersey member. Meyner said he had "no inclination" to intervene in the dispute unless advised by Weintraub to do so.

Harriman said "I am in touch with my counsel and I have no comment on the situation."

ILA LEADERS contend the commission, authorized to regulate hiring and other activities on the waterfront, has been harsh and discriminatory against the ILA. The commission denies it.

Bradley's demand for a meeting with the governors was made before about 3,000 longshoremen.

Saugerties School No. 1 Budget Voted

A $642,522.35 budget was approved for the operation of the Saugerties Central School District at the first annual meeting of the newly formed district held Wednesday night in the Saugerties High School auditorium.

The 1955-56 budget was adopted by written ballot which was forced by a motion from the floor. Of the 216 that voted there were 199 yes votes and 17 against adoption.

Prior to the budget hearing Daniel N. Lamb, local attorney was elected as chairman of the meeting.

A BREAKDOWN of the budget showed $22,575 for general control which includes administrative salaries and expenses; $374,121.68 for instructional service which includes books and 82 teachers' salaries; $44,905 for operation of school plant; $16,750 for maintenance of plant; $94,181 for auxiliary agencies which includes transportation, libraries, health service and athletics; $51,034.57 for fixed charges which includes pensions, insurance and the public library; $25,155.10 for expense of debt service which includes redemption of bonds on the village schools and Glasco school as well as payment of interest and redemption of short term loans charged to the village schools, Glasco, Mt. Marion, Katsbaan and Cedar Grove Schools.

THE CAPITAL OUTLAY which includes improvement of grounds, alterations and furniture and equipment totaled $13,800 and this brought the grand total to $642,522.35.

The estimated income will be derived as follows: The total amount of state aid allotted to both village and rural areas amounts to $294,269.52 from which retirement contributions are deducted in the amout of $49,111.48, leaving a total balance received of $245,158.04. To this amount will be added re-

Greece Cancels Maneuver Role

NATO Asked to Meet On Anti-Greek Rioting

Paris, Sept. 8 (AP)—Turkey assured the North Atlantic Treaty Organization today that all possible measures are being taken to prevent recurrence of anti-Greek rioting.

This came as reports from Athens said Greece was cancelling participation in NATO maneuvers as a result of anti-Greek violence which erupted in the Turkish cities of Istanbul and Izmir Tuesday night.

With relations between the two NATO nations at their lowest point in years because of differences over Cyprus, NATO Secretary General Lord Ismay summoned the NATO council into special session to discuss the grave situation arising out of the riots.

Delegates representing the 15 nations in the western defense organization met for almost two hours behind closed doors.

No communique was issued, but persons who attended said Mehmet Ali Tiney, Turkey's permanent representative on the council, informed fellow members his country was taking all measures to prevent any new violence.

Georges Extinaris, the permanent Greek representative to NATO, reported on the losses suffered by Greeks living in Istanbul and by Greek officers at Izmir, headquarters of NATO's southeast command.

NATO sources said it was a report and not a protest. Under the NATO Treaty, the organization has no authority to take any action which could make amends for damages suffered.

Sees No Drastic Defense Cuts

Reduction to Balance U.S. Budget Is Denied

Washington, Sept. 8 (AP)—The Defense Department says it still expects to spend this year 34 billion dollars "as originally estimated," and will make no drastic cuts in approved defense programs.

Acting Secretary Reuben B. Robertson Jr. said last night "there is no factual basis" for published reports this week that further cuts are being considered in defense spending as a means of balancing the budget.

Other administration sources reported earlier that the department was studying the possibility of a billion-dollar cut in expenditures as part of a government-wide drive to eliminate a 1955-56 budget deficit estimated last month at $1,700,000,000.

Robertson confirmed that the spending total probably will be held a billion dollars below the 35 billions included for defense in the revised summer budget estimates issued last month.

But he said that even last January, when the official estimates included 35¾ billions for defense spending, it was indicated that actual expenditures "would be in the neighborhood of 34 billion dollars." He said Secretary Wilson and other witnesses confirmed this in testimony before congressional committees.

He issued his statement to clear up what he said was "confusion and misapprehension" stemming from the reports.

"Specifically," he said, "the impression has been created that

American Fighting Men Being Trained To Stand Mistreatment Used by Enemy

Washington, Sept. 8 (AP)—Communist-type brainwashing is being deliberately dosed out to American fighting men to help brace them against mistreatment at the hands of a ruthless enemy.

Blindfolding . . . forced marches, barefoot . . . questioning for long hours, with little rest, or water and no sleep. . . .

These are some of the "rather rough brainwashing procedures" servicemen are being put through, Pentagon officials said yesterday. They said all branches of the armed forces have such training courses to prepare for a possible grim life as a prisoner of war. The men are trained also in means of avoiding capture.

Under the military code, a revised version of which was proclaimed by President Eisenhower Aug. 18, the servicemen is told to avoid capture if at all possible. And if he does fall prisoner, he is to avoid "to the utmost of my ability" telling the enemy more than the historic requirement of name, rank and serial number.

Defense Department sources told of the "E and E"—escape and evasion—training of some servicemen yesterday after Newsweek Magazine published a stark account of such a course at Stead Air Force Base outside of Reno, Nev.

The Newsweek article, by its reporter Peter Wyden, told of trainees forced to spend hours in a dark hole, up to their shoulders in water, or in a "sweat box" where a man could neither stand, sit or lie down.

Trainees were served uncooked spinach and raw spaghetti and given frightening but harmless electric shocks, Wyden wrote, and they got rough verbal treatment:

"A major who let slip that he had only an eighth grade education, and a lieutenant whose membership card in alcoholics anonymous laid him open to ridicule about his weakness for alcohol, were hammered until they talked just to end their humiliation.

"A bachelor lieutenant, badgered until he became convinced he could not find a girl because his face had been deformed in

Hula Girl, Dixie Soprano Lead in Miss America Race

Atlantic City, N. J., Sept. 8 (AP)—A tall beauty from the tropics and a southern belle with a silver voice held early leads today in the scramble for the Miss America 1956 crown.

Miss Hawaii, 2 year-old hula dancer Barbara Mamo Vieira of Honolulu, took the top honors in the first preliminary swimsuit competition last night.

Miss Alabama, Patricia Byrd Huddleston of Clanton, won out over 15 other lovelies in the talent competition with a rendition of the aria "Pace, Pace Mio Dio" from Verdi's opera "La Forza Del Destino."

Barbara in a skin tight white swimsuit got the nod from the judges. She stands 5-feet 8-inches, tips the scales at 130 pounds and measures 36-24-36 at the bust, waist and hips.

A soprano who has studied voice for six years, Patricia awoke yesterday with a touch of laryngitis. "I was definitely singing under a handicap," she said after the contest. But the audience and the judges apparently didn't think so as she was named the winner.

Miss Hawaii, whose long black hair reaches to the middle of her back, was overjoyed at her victory in the swimsuit preliminary. "I can't believe it, I can't believe it, I can't believe I'm in the pageant," she said.

Another portion of the 49 Miss America entries took part in an evening gown competition,

"FURTHERMORE, during the first six months of 1955 in New York city, 42 per cent of the formal cases adjudicated as delinquency by the children's division of the Domestic Relations Court were Manhattan and Bronx cases."

Javits said that "the magnitude of this problem" in the Manhattan-Bronx area is highlighted by "the evidence that the rate of delinquency and youth crime continues on the upswing."

"The New York City Youth Board," he continued, "has recorded an 'unprecedented' increase of 52.7 per cent in delinquency of youths 16 to 21 during

Enrollment In Schools Largest Ever

Kingston schools, pushing a little at the seams in spots, opened yesterday with the highest registration in its history—275 pupils higher than last year.

Total enrollment in the city's high school, junior high and eight elementary schools at the end of the first day of school was 5,654 against 5,379 for the same date last year.

THE LOAD has been much relieved by the reopening of School 8, necessitated by heavy registration increases. School 8 was closed two years ago with the opening of the new George Washington School.

Registration at Schoool 8 was listed as 218 by Superintendent of Schools Elbert Soper.

The highest increase in the system was at Kingston High School which showed a registration of 1,846 against 1,720 last year, an increase of 126.

The Myron J. Michael School (junior high) showed a registration of 880 against 827 last year, an increase of 53.

School 2 had a registration of 356 against 306 last year, an increase of 50.

School 3 had a registration of 239 against 231 last year, an increase of eight.

School 4 had a registration of 206 against 203 last year, an increase of three.

School 5 had a registration of 438 against 495 last year, a loss of 57.

School 6 had a registration of 402 against 525 last year, a loss of 123.

School 7 had a registration of 313 against 345 last year, a loss of 32.

The George Washington School had a registration of 756 against 727 last year, an increase of 29.

Elementary school totals showed an increase of 96 over last year.

Mr. Soper explained that the heavy loss of pupils in School 6 was due to the fact that a number had been moved into the newly opened School 8.

The increase at Kingston High School was a "few more than expected," Mr. Soper said, pointing out that two rural districts were sending additional children. One of these districts, which had been sending children from Grades 8 through 12 is now sending them from Grades 7 through 12. The other district, which had been sending children from Grades 9 through 12 is now sending them from Grades 8 through 12. This amounts to the increase of one class from each district.

H.C. Greer Named New Paid Fireman

Hugh C. Greer, of 22 Staples street was appointed to the local fire department at a special meeting of the Board of Fire Commissioners last night.

The new fireman will replace Howard S. Whitaker, of 257 Greenkill avenue, who was with the department since Jan. 1, 1948. Whitaker is due to leave Sept. 15 to go into the dairy business.

Greer, who has been employed by Montgomery Ward & Co. as a salesman, was born in Yonkers, and was a resident of this city for about eight years with the exception of time spent in the U. S. Navy. He served in the navy in both World War 2 and the Korean conflict. He was educated in Yonkers grade and high schools. His family includes a son and two daughters.

Whitaker's resignation was accepted by the fire board at its regular meeting last week, Greer was the only name remaining on the local civil service eligibility list.

HELD AT GUNPOINT—Rep. Joe Holt (R.-Cal.) tells at the Capitol, Sept. 7, about how a Russian army lieutenant in Moscow last week held a cocked pistol to his head for more than an hour. The brush with the Red officer, Holt said, came after he was refused permission to take pictures during a visit to a suburban school. The American government has filed an official protest, Holt declared. (AP Wirephoto).

Convenient Train Service Is Asked By Area Chamber

Better and more convenient passenger service on the main line of the New York Central Railroad, when the Kingston-Rhinecliff bridge is completed, was requested today by the Kingston Area Chamber of Commerce.

J. Ellis Briggs, president of the Chamber of Commerce, made this announcement today after the decision to write to railroad officials was made by the executive committee at a meeting Wednesday afternoon. Albert Kurdt, manager of the Chamber, was instructed to write to G. D. Bogart, director of services, for the railroad.

BRIGGS FURTHER said that the Chamber is definitely interested in providing the best possible railroad passenger service which would encourage still further expansion of the Kingston Area.

The following is a complete text of the letter written to Mr. Bogart:

Mr. G. D. Bogart
Director of Services
New York Central Railroad
230 Park Avenue
New York 17, New York

Dear Mr. Bogart:

You will recall that when Mr. Briggs, president of our Chamber of Commerce, and I visited your office regarding West Shore Division passenger service, we also conferred with your general counsel, Mr. Dwyer. At that time reference was made to the possibility of providing better service for Kingston area resi-

Million-a-Day Stoppage Spreads on East Coast

New York, Sept. 8 (AP)—The New York-New Jersey Waterfront Commission moved today for an injunction to halt a longshoremen's walkout that has crippled the port of New York.

This is the agency set up by the Legislatures of the two states two years ago to clean house on New York harbor piers, long the scene of strife and racketeering.

The walkout is aimed at the commission and commission policies, and not at employers.

THE COMMISSION'S action came as the tie-up, costing an estimated million dollars a day in New York, spread to Baltimore and threatened to hit Philadelphia and Boston.

It was the second court action intended to get the men back to work. They walked out yesterday.

The New York Shipping Assn., employer group, obtained a restraining order in state Supreme Court yesterday.

William V. Bradley, president of the International Longshoremen's Assn. (ILA), independent, said today he had not yet received a copy of the restraining order—and the walkout went on.

Bradley told a cheering group of dockworkers today he would not recommend a resumption of work until Govs. Averell Harriman of New York and Robert Meyner of New Jersey met with the union.

IN TRENTON, Meyner responded:

"The chief executive of New Jersey doesn't knuckle under to any group, especially when it is in contravention of a statute which was passed almost unanimously by both Houses of the Legislature."

Meyner was referring to the statute creating the Waterfront Commission.

He told a news conference the proper person for the dockers to see was Joseph Weintraub, the commission's New Jersey member. Meyner said he had "no inclination" to intervene in the dispute unless advised by Weintraub to do so.

Harriman said "I am in touch with my counsel and I have no comment on the situation."

ILA LEADERS contend the commission, authorized to regulate hiring and other activities on the waterfront, has been harsh and discriminatory against the ILA. The commission denies it.

Bradley's demand for a meeting with the governors was made before about 3,000 longshoremen.

SPEAKING of the two-state law that set up the waterfront

Saugerties School No. 1 Budget Voted

A $642,522.35 budget was approved for the operation of the Saugerties Central School District at the first annual meeting of the newly formed district held Wednesday night in the Saugerties High School auditorium.

The 1955-56 budget was adopted by written ballot which was forced by a motion from the floor. Of the 216 that voted there were 199 yes votes and 17 against adoption.

Prior to the budget hearing Daniel N. Lamb, local attorney was elected as chairman of the meeting.

A BREAKDOWN of the budget showed $22,575 for general control which includes administrative salaries and expenses; $374,121.68 for instructional service which includes books and 82 teachers' salaries; $44,905 for operation of school plant; $16,750 for maintenance of plant; $94,181 for auxiliary agencies which includes transportation, libraries, health service and athletics; $51,034.57 for fixed charges which includes pensions, insurance and the public library; $25,155.10 for expense of debt service which includes redemption of bonds on the village schools and Glasco school as well as payment of interest and redemption of short term loans charged to the village schools, Glasco, Mt. Marion, Katsbaan and Cedar Grove Schools.

THE CAPITAL OUTLAY which includes improvement of grounds, alterations and furniture and equipment totaled $13,800 and this brought the grand total to $642,522.35.

The estimated income will be derived as follows: The total amount of state aid allotted to both village and rural areas amounts to $294,269.52 from which retirement contributions are deducted in the amout of $49,111.48, leaving a total balance received of $245,158.04. To this amount will be added re-

Sees No Drastic Defense Cuts

Reduction to Balance U.S. Budget Is Denied

Washington, Sept. 8 (AP)—The Defense Department says it still expects to spend this year 34 billion dollars "as originally estimated," and will make no drastic cuts in approved defense programs.

Acting Secretary Reuben B. Robertson Jr. said last night "there is no factual basis" for published reports this week that further cuts are being considered in defense spending as a means of balancing the budget.

Other administration sources reported earlier that the department was studying the possibility of a billion-dollar cut in expenditures as part of a government-wide drive to eliminate a 1955-56 budget deficit estimated last month at $1,700,000,000.

Robertson confirmed that the spending total probably will be held a billion dollars below the 35 billions included for defense in the revised summer budget estimates issued last month.

But he said that even last January, when the official estimates included 35¾ billions for defense spending, it was indicated that actual expenditures "would be in the neighborhood of 34 billion dollars." He said Secretary Wilson and other witnesses confirmed this in testimony before congressional committees.

He issued his statement to clear up what he said was "confusion and misapprehension" stemming from the reports.

"Specifically," he said, "the impression has been created that

American Fighting Men Being Trained To Stand Mistreatment Used by Enemy

Washington, Sept. 8 (AP)—Communist-type brainwashing is being deliberately dosed out to American fighting men to help brace them against mistreatment at the hands of a ruthless enemy.

Blindfolding . . . forced marches, barefoot . . . questioning for long hours, with little rest, or water and no sleep. . . .

These are some of the "rather rough brainwashing procedures" servicemen are being put through, Pentagon officials said yesterday. They said all branches of the armed forces have such training courses to prepare for a possible grim life as a prisoner of war. The men are trained also in means of avoiding capture.

Under the military code, a revised version of which was proclaimed by President Eisenhower Aug. 18, the servicemen is told to avoid capture if at all possible. And if he does fall prisoner, he is to avoid "to the utmost of my ability" telling the enemy more than the historic requirement of name, rank and serial number.

Defense Department sources told of the "E and E"—escape and evasion—training of some servicemen yesterday after Newsweek Magazine published a stark account of such a course at Stead Air Force Base outside of Reno, Nev.

The Newsweek article, by its reporter Peter Wyden, told of trainees forced to spend hours in a dark hole, up to their shoulders in water, or in a "sweat box" where a man could neither stand, sit or lie down.

Trainees were served uncooked spinach and raw spaghetti and given frightening but harmless electric shocks, Wyden wrote, and they got rough verbal treatment:

"A major who let slip that he had only an eighth grade education, and a lieutenant whose membership card in alcoholics anonymous laid him open to ridicule about his weakness for alcohol, were hammered until they talked just to end their humiliation.

"A bachelor lieutenant, badgered until he became convinced he could not find a girl because his face had been deformed in

MENTIONED IN INTERNAL REVENUE STORY — The New York Herald Tribune said Sept. 7 that Edgar E. Hoppe, right, Dallas, Tex., lawyer and former assistant revenue commissioner, is the central figure in a major political scandal in the Internal Revenue Service which the newspaper says will explode momentarily in Washington. The Herald Tribune says Revenue Commissioner T. Coleman Andrews, left, and Deputy Commissioner O. O. Gordon Delke, Jr., center, also are involved in the case. (AP Wirephoto).

Hula Girl, Dixie Soprano Lead in Miss America Race

Atlantic City, N. J., Sept. 8 (AP)—A tall beauty from the tropics and a southern belle with a silver voice held early leads today in the scramble for the Miss America 1956 crown.

Miss Hawaii, 2 year-old hula dancer Barbara Mamo Vieira of Honolulu, took the top honors in the first preliminary swimsuit competition last night.

Miss Alabama, Patricia Byrd Huddleston of Clanton, won out over 15 other lovelies in the talent competition with a rendition of the aria "Pace, Pace Mio Dio" from Verdi's opera "La Forza Del Destino."

Barbara in a skin tight white swimsuit got the nod from the judges. She stands 5-feet 8-inches, tips the scales at 130 pounds and measures 36-24-36 at the bust, waist and hips.

A soprano who has studied voice for six years, Patricia awoke yesterday with a touch of laryngitis. "I was definitely singing under a handicap," she said after the contest. But the audience and the judges apparently didn't think so as she was named the winner.

Miss Hawaii, whose long black hair reaches to the middle of her back, was overjoyed at her victory in the swimsuit preliminary. "I can't believe it, I can't believe it, I can't believe it, I can't believe I'm in the pageant," she said.

Another portion of the 49 Miss America entries took part in an evening gown competition,

By ROBERT KASMIRE

Albany, N. Y., Sept. 8 (AP)—Earmarking is a word with which the state's voters ma·· be fed up by the time the November election rolls round.

The word lies at the core of what probably will be the hottest issue next election day—the proposed 750-million-dollar state bond issue for highway improvements.

APPARENTLY the word means different things to different people. That has been responsible during recent weeks for bitter verbal bouts among some of New York's more solid citizens. More and bitterer exchanges are in sight.

You'd have a hard time finding anyone in the state who'd deny that New York needs a long-range, highway-improvement program. And many people versed on the subject agree that a 750-million-dollar bond issue is a good way to get the program under way.

There isn't even too much disagreement over whether a proposed increase in the state's taxes on motor fuels is the best way to retire those bonds and thus finance the program.

Democrats and Republicans, the Harriman administration and the GOP majority in the Legislature have been singing in rare harmony in their advocacy of the plan.

BUT WHEN it comes to the question of handling the added revenue that would come in via the tax-increase route, some of the supporters of the bond issue leave the camp.

The strongest opposition to the bond issue has come from the New York State Automobile Assn.

The association wants a constitutional mandate that the new money be used exclusively for roads.

The opposing argument—voiced by Gov. Harriman, John W. Johnson, public works superintendent, legislative leaders, the New York Good Roads Assn. and others—is that the 1955 Legislature enacted a law "earmarking" the funds solely for highway use.

"This is 'earmarking'?" replies the NYSAA. Here, as it appeared in a recent association publication, is its quarrel with legislative—or statutory—earmarking:

"WE HAVE WATCHED New York state impose gasoline taxes since 1929, always "earmarked" by the Legislature for highways or some temporary emergency, only to have succeeding Legislatures go back on the promises of their predecessors.

"Thus far, those broken promises add up to over one billion of motorists' tax dollars. Incidentally, those dollars, if invested in roads when collected, would have saved many lives, millions of dollars of damage and would have made the Thruway a freeway instead of an onerous toll road."

The Temporary Highway Finance Planning Commission, which recommended the bond issue and the gasoline tax increase in the first place, says of earmarking:

"THIS COMMISSION is opposed to any constitutional or rigid allocation of highway-user taxes for highway purposes for the following reasons:

"It destroys flexibility in fiscal programming and operation. . . It prefers one governmental function of operation over another. . . It may tend to become a maximum rather than a minimum expenditure for a particular function or service. . . If applied to all revenues collected it would make governmental operations impossible. It deprives the elected representatives of the people of their legislative function. . . It has caused considerable difficulty in some states in which it has been tried."

Incidentally, constitutional earmarking has been tried—and is in force—in 25 states.

Talks May . . .

Sovietskaya Hotel for final conferences before their opening session with Soviet Premier Bulganin and Foreign Minister V. M. Molotov tomorrow.

The Moscow talks—expected to last five or six days—will be the first between leaders of the West German Republic and the Soviet Union. They also will be the first between western and Russian statesmen since the Big Four summit conference at Geneva in July.

Adenauer entered the Soviet-suggested conference fully prepared to withstand any Russian efforts to wean West Germany away from its key spot in the Western alliance.

NO AGRREMENT on the issue of German reunification was expected. The meeting was regarded openly in the West as a preview of Soviet intentions at the conference of the Big Four Foreign Ministers next month in Geneva.

Adenauer planned to try to determine the Soviet Union's readiness to accept an East-West settlement in Europe that would include unification of Germany, already set out as the prime Western goal at the foreign ministers' meeting.

THE ONLY member of the Socialist opposition in the delegation, Vice Chairman Carlo Schmid of the Bundestag's Foreign Affairs Committee, underlined the limited results on unification the travelers hope to get.

"We will certainly not return with a final agreement on unification," he told airport reporters. "But if all possibilities of unification are explored, then perhaps the Moscow negotiations will open possibilities for a future agreement. In any case the talks should break the ice."

COMMUTER'S WOES

The commuter has a hard life. He lives miles away from his work, which necessitates a long journey twice a day. If he uses public transportation, he pays a considerable sum and generally occupies hot and unattractive vehicles. Further, the fare is constantly increased as attendance falls off and the railroads or buses fail to make ends meet.

This familiar lot is analyzed by the New York Times, which finds that only in Chicago and San Francisco is there a different tale. In Chicago the improved lot applies only to commuters living west of Chicago who enjoy the excellent service one railroad is reported to give.

Apart from this railway, if this be an exception, the commuters' transportation seems invariably run at a loss. There is one comment: As long as commuters would rather drive than use public transportation, they have no right to complain of traffic congestion or of the failure of the railroads and buses to provide an attractive alternative.

RED HAT DAY

A red hat has long been the symbol of safe hunting. Prudent sportsmen always wear one in the woods and fields during the hunting season, to guard against being taken for game. Unhappily, however, due to the seemingly ever-growing numbers of trigger-happy hunters, this precaution is not invariably successful.

On September 23rd, Red Hat Day will be observed. Sponsored by the Portland, Oregon, chapter of the Izaak Walton League, it has been given national recognition. Its object is to make hunting safer—and to protect our hunting lands from fire and other ravages.

Obviously that can't be done in one day. So Red Hat Day itself will simply be used to intensively publicize the problem and to point to solutions. The work will go on, in cooperation with conservation organizations, schools, farm and business groups, sportsmen's clubs, and local, state and national governmental agencies.

Keeping your eye on the ball is one of the essentials of golf. But the experts never tell you how to keep the sand out of your face.

JOBS FOR THE HANDICAPPED

A Presidential committee urges that five per cent of the labor force of business as a whole be made up of handicapped workers. If this goal is reached, the 2,000,000 who are disabled at the present time would be given jobs, and so would the 250,000 who become disabled each year. Of last year's rehabilitated disabled, jobs were found for only 65,000.

Hiring the handicapped is good business too. A Bureau of Labor Statistics study found that handicapped workers have lower accident rates, lower absentee rates, five to nine times less turnover, and a better production record than others.

Every business, large or small, should do what it can to help the nation reach that five per cent goal.

Scientists predict trips to the moon within fifty years. Imagine this dialogue: "Let's take a little trip to the moon, dear. I hear there's going to be a very pretty earth tonight."

NOT ENOUGH RICH PEOPLE!

It used to be said that well-to-do and rich people could pay most of the taxes, so the rest of us needn't worry too much about the cost of government. But that situation is as dead as the Pharaohs.

The federal individual income tax starts at 20 per cent. Then, as income levels rise, surtaxes of from two to 71 per cent are added on, making the maximum tax a staggering 91 per cent. Despite this, some 84 per cent of our total individual income tax revenue comes from the base rate of 20 per cent—while only 16 per cent comes from the surtaxes. We just haven't enough rich people to soak!

'These Days'

By GEORGE SOKOLSKY

GOING BACKWARDS

The course of civilization has been in the direction of softening the angers of man for man. Prisoners of war used to be killed to save the expense of feeding and housing them. Sometimes they were enslaved.

When all European armies were professional, the soldier was an artisan at war who might, on order of his commander, be on the other side. Loyalty was to the commander rather than to any concept of nationality. It was in the 17th century that the concept evolved of the conqueror as the custodian for prisoners of war. In time, the philosophy developed that military prisoners were not guilty of crimes against the opposing states.

Sir Charles Oman, in his "A History of the Art of War in the Middle Ages," makes the point:

"For the combatants had no national or religious hatred for each other, and generally not even personal hatred. . . . But the men-at-arms of each host had probably served half a dozen times side by side with their enemies of the moment, since the bands were always passing into the pay of new employers. . . . And even if this were not the case, all mercenaries were more or less brothers in arms, and despised the tyrant or the bourgeoisie which paid them. Moreover, a prisoner was worth to his captor not only the value of his horse and armour, but also a ransom, while a dead man could pay nothing. . ."

Thus war became increasingly humanized because a live soldier was worth more than a dead soldier. Total war, as it developed in World War 2, however, calls for the complete destruction of the enemy—not only of his soldiers but of the whole population including women, children and old people. Therefore it does not pay to keep prisoners alive or even well. Furthermore, the complication of war for ideas engendered a fierce fanaticism. When countries fought over a boundary line, the rulers could have their tongues in their cheeks; maybe a marriage would eliminate the boundary more effectively than a war. But when men fight over ideas, they only too often reach the conclusion that all dissenters must die.

In the Report on Prisoners of War, the Secretary of Defense's Advisory Committee rightly points to Communist Chinese barbarism. The Death Marches astound them. The Report says:

"So the journeys to the prison camps were 'death marches.' Especially in the winter of 1950-1951 when the trails were knee-deep in snow and polar winds flogged the toiling column. On one of these marches, 700 men were headed north. Before the camp was reached, 500 men had perished."

But that was the clear intent. It was that the men should die, without being killed conventionally, so that the cost of upkeep should be reduced. I knew intimately Chinese wars from 1918 to 1931 but never saw a prison camp. It was tough enough paying and feeding the soldiers; who had the money to feed prisoners? And so the Report says that the prison "camps varied from bad to worse."

The greatest crime of all was the use of the prison camps to corrupt the minds and spirits of the prisoners. In this work, the Chinese Communists were assisted by Americans, called "Progressives." Among these were, of course, ordinary apple-polishers, toe-lickers, snide creatures who were willing to get an extra loaf of bread or a piece of meat for betraying their comrades. Such are found everywhere.

But among them were also found convinced Marxists who while in our army were ideologically and emotionally associated with the enemy. How many of these there were we shall not know beyond the "Twenty-One" who stayed behind. The "Progressive" was an agent of the enemy inside our forces. The Report on POW indicates that we still have a meagre concept of what they were and what they did.

True that these were a minority—but how many are needed? Of a total of 4,428 Americans recovered from the POW camps, 192 were definitely regarded as suspects, although the conduct of 565 was questioned. As compared with civilian life, this was a very large proportion. In a university consisting of thousands of students, it has been found by experience that a hard core cell of a dozen Communists could do an unbelievably competent job of penetration. How much more could 192 do among only 4,428?

That Body of Yours

By JAMES W. BARTON, M.D.

BELL'S PALSY

A few years ago I met a fellow practitioner and noticed quite a change in his face. One side was quite smooth and expressionless while the other side appeared normal. He told me he had what is known as Bell's palsy or paralysis and that his face would return to normal within a few days. This type of paralysis of the face was first described by Dr. Charles Bell in 1821 and is a disease the duration of which may vary from two weeks to six months, depending on the extent of damage which has been done to the seventh (facial) nerve. The prospect for complete recovery is good in 80 to 90 per cent of cases.

The exact cause of Bell's palsy is unknown. It is a condition more frequent in women than in men by a ratio of 9 to 7. In many cases there is a history of local chilling preceding the onset of the paralysis. In some cases there is a history of a head cold.

The important point in the treatment of Bell's palsy is that it should begin at once. It is now evident that the outlook is good if treatment is started within a few hours or days of the beginning of the condition and should be carried out daily during the first two or three weeks of observation. A delay in starting an intensive treatment program is likely to prolong by months the duration of the paralysis.

The procedures employed in the treatment of Bell's palsy are (1) local heat, (2) electrical stimulation, (3) massage, (4) exercise, and (5) splinting of the face. The purpose of local heat is to prepare the muscles of the face for electrical stimulation and massage. A convenient form of heat for this purpose is infra-red radiation. The lamp should be placed at a comfortable distance for about 15 to 20 minutes. Heat is followed immediately by electrical stimulation, such as a 25 cycle alternating current on an interrupted direct current. Three periods of brief vigorous stimulation daily were found to bring best results. This can usually be carried out in the patient's own home, usually from two to five minutes at a time is sufficient. A third measure of treatment is facial massage which the patient can be taught to do himself. Exercise is often used under the direction of a qualified physiotherapist after the heat, massage and electrical stimulation have been used.

The use of a facial splint varies, some physicians feel it is of no help and others are in favor of it. A splint is often used to support the corner of the mouth and prevent stretching of the paralyzed muscles. Whether or not the fact is placed in a splint, the eye should be protected by a patch or goggles.

The important point to remember in Bell's policy is that early treatment is necessary and complete function of the fact can often be restored even in severe cases if treatment is begun within a few days or hours of the time of onset and carried out daily during the first two or three weeks of observation.

'Edson's Washington News Notebook

By PETER EDSON
NEA Washington Correspondent

Washington (NEA) — Major attention on hurricane and flood relief from Washington has been focused on the big projects. But the plight of the little victims of storm damage is equally important. And what can be done for them is not well understood.

This is where Small Business Administration and Farmers' Home Administration disaster loans and Federal Housing Administration insurance on private mortgage loans come in to the picture.

Their general purpose is to put people who have suffered storm losses back into the condition they were in before the disaster struck.

This is humanitarian all right, and it may be paternalism. But these are not gifts or grants that the government hands out. They are loans that have to be repaid. And there is no getting around the fact that, although all storm victims may be restored to previous comfort, they may still be left saddled with debts they did not have before.

Disaster loan terms are most favorable. In general they are 3 per cent loans for 10 to 20 years.

THERE IS ONE TYPE of disaster victim which government loans cannot help. A typical case would be a retired couple living on a pension in their own home which is paid for. Since the government can make only loans that have a good chance of repayment, it can't help here.

Cases of this kind must be turned over to the Red Cross or community relief. This is why donations to their emergency relief funds are warranted for long-term aid as well as first aid.

Most of the recent flood damage was on older and lower-valued property in the low lands, naturally. There is little flood insurance written on such property. If it can be proved that hurricane winds drove the water in, then storm insurance clauses may cover some of the loss.

Nearly all the damage from hurricane Hazel last year was from wind. Small Business Administration made 13,000 loans for an average $700 to repair damage from that storm.

A first look at New England and middle Atlantic flood areas by SBA Administrator Wendell Barnes brought estimates that the Connie and Diane damage might be four times as great.

SBA HAS OPENED 16 temporary offices in the northeastern states plus two more in North Carolina to take disaster loan applications. Thirty thousand application forms have been put out. The agency anticipates some 7500 loan applications will be filed and about 5000 loans will be granted.

They will cover not only homeowners, but also small businessmen like grocers whose inventories were destroyed and manufacturers whose plants or machinery may have been damaged. Red tape is to be minimized in granting all loans, with on-the-spot approval for up to $20,000.

Farmers' Home Administration is prepared to make disaster loans through their local offices in 58 counties hit by the Connie-Dianne deluge. This covers all of Connecticut and New Jersey, six counties in Massachusetts, 11 in Pennsylvania, five in Maryland and seven in New York.

These loans can be made to farm owners and tenants for feed, seed, fertilizer, replacement of farm equipment or livestock, replacement or repair of buildings and fences. The idea is to keep the farmer going till he can get back on his feet in the next crop year.

FHA MAKES THESE loans only where credit from other sources is not available. The government will not lend money for crop damage nor to pay off debts. The farmer gives a lien on crops or property he owns as his security.

Surveys are now being made to see how many farmers will need assistance. The average disaster loan in the past has been from $1200 to $1500 for one to five years.

The other FHA — Federal Housing Administration — will insure private loans of up to $2500 for three years for home repair of storm damage.

FHA will insure 100 per cent loans up to $7000 value, without down payment, on new housing for disaster victims. On higher valued replacement housing, FHA will insure in full—up to 95 per cent on the first $9000—for 30 years. These loans are made through local banks or building associations, but are government insured.

On its existing insured home loans in the disaster areas, FHA has extended from nine to 15 months the time on which mortgage payments may be suspended before claims must be filed.

Democratic Split Is Certain In Congress Over Tax Issue

By DAVID LAWRENCE

Washington, Sept. 7—It isn't often that former President Harry Truman, once leader of the Democratic party and perhaps its real leader today, is on the same side of the argument as conservatives like Rep. Daniel Reed, of New York, ranking Republican member of the House Ways and Means Committee, and Sen. Byrd, of Virginia, Democrat, chairman of the Senate Finance Committee.

For Mr. Truman's latest declaration that there should be no tax reduction, even if the budget is balanced next year, is exactly what Mr. Reed said several days before on his return from Europe.

ACTUALLY, the Secretary of the Treasury, George Humphrey, hasn't said positively that the Republican administration would recommend tax reduction, but, when he told of the prospective balance in the budget, he mentioned that tax reduction would be possible." That's a far different thing from saying the Administration is yet ready to recommend it.

Mr. Truman also said the time to retire the national debt is when the country is prosperous. This is an implicit admission, of course, that under the Republican regime prosperity has actually been achieved, which is somehow in contradiction of the many prophesies of gloom made by the Democrats in Congress all through 1954. In fact, they ignored the Truman philosophy in March, 1955, when they tried to put through Congress a plan to cut everybody's taxes by $20 because they said it would increase the purchasing power of the lower income groups.

Now, if the economists who write the speeches for the Democratic leaders are no longer going to insist that the country is suffering a terrible unemployment crisis or is in a "recession," then the obvious tack for them to take is that taxes should not be reduced. This has been the position of the Democrats right along when they were in power.

In the next session of Congress, therefore, the Democrats, logically should be against any tax reduction whatsoever and should be opposing any Republican efforts supposedly to unbalance the budget by tax revision. It will be interesting to see how many Democrats favor tax reduction at the next session. A split in the party is certain.

SEN. BYRD will have no difficulty being consistent on this matter because he was the first to speak out when Secretary Humphrey mentioned the possibility of tax reduction. The Virginia Senator said:

"I agree with Secretary Humphrey that the budget can be balanced in this fiscal year. I am not certain, however, that both a tax reduction and a balanced budget can be accomplished. It would be foolhardy to balance the budget and then unbalance it by a premature reduction in taxes.

"I strongly favor tax reduction made possible by retrenchment in spending. I have predicted for some time that the revenue would exceed the Treasury's estimates, but we should not rely upon this revenue coming from the present business boom, as this may fall off. The sound balancing of the budget must come about by reducing expenditures."

It is significant of the spending mood of our times that hardly anybody says anything about accumulating a surplus to pay off the national debt. The country doesn't need tax reduction now, though it is always in need of tax revision to correct inequities. But even this corrective process has to be delayed if the budget is thereby unbalanced.

EVERY AMERICAN is taught that it is thrifty to save money to pay off debts. But, somehow or other, few people seem concerned when the national government doesn't do a thing to pay off the money it has borrowed. After the close of World War 2, the Democrats were in power seven years continuously, and yet they never attempted even to plan for debt retirement. After the close of World War 1, the Republican party was in power and during its first nine years cut the national debt almost 40 per cent.

Someday, if the American people ever think through the dangers of keeping a $280 billion debt without any provision for retirement, they will begin to wonder about the value of their paper money—whether it is worth what it claims to be on its face. For, if the national debt remains where it is or goes higher and there is no intention to retire it, the public will not have the same confidence in the value of the dollar that it has had before.

IT MAY NOT seem to the politicians to be sound politics to apply the lessons of sound economics, but the risks to persons of fixed incomes and to millions of others when an inflationary spiral ensues are so great that in the long run more votes may be mobilized by doing the sound rather than the unsound thing. Only political demagoguery keeps the people from knowing the truth about the way their national finances should be handled.

AS PEGLER SEES IT

By WESTBROOK PEGLER

Rome — Twenty years ago, Mussolini honored himself with a great celebration dedicating a village called Pontinia south of Rome and near the Mediterranean shore. This was similar to a hundred tasty little vacation settlements slapped together in Florida within an exciting decade, always by the private enterprise of speculative promoters, including some scandalous gyps. Il Duce's publicity department wanted foreign coverage so I went along to cover a day's program of incited emotions, which is my main recollection of the Duce from personal observation.

During the so-called, but miscalled, Anzio invasion by the Americans I wondered how fared poor little Pontinia, whose resident farmers were sent there to till the reclaimed soil of the Pontine marshes. Mussolini made other such villages and there is still rancorous dispute among Italians whether he did wisely because there was much wild game in these badlands and the Italian sportsman is ordinarily so hard up that a robin is big casino. Our sentimental protectorate over songbirds becomes naive when we reflect that they are toothsome and do destroy fruit that people might eat. But there are relatively few shooting men in Italy and the score seems to cast up in the Duce's favor because he increased the production of grain and greens and vanquished clouds of mosquitoes which had been implanting malaria for years.

Aprilla, now gone industrial in a small, bustling way, with a meat-canning plant and a small cement works, was just off the Appian way so I detoured a little while and observed the rising of many apartments which indicate an improvement in the condition of just that many Italian workers who, at the present lineup, nevertheless, are more likely Communist than otherwise. In New York, such honeycombs would be no gain but out in the sunny country they are de luxe. George Spelvin, American, has picked up so many tabs in Europe that much of this cost probably is stirred into his tax bill.

Pontinia was having a "market" in the two blocks of the Main street, with barricades to exclude auto traffic. I dismounted and went climbing through clusters of lumber as the pitchmen dismantled their stalls as business gave out, looking for the place where Mussolini had stood on a platform receiving the homage of the poor and accepting in his very own hand, gloved in black kiid, one by one, the wedding rings of hundreds of women, old and young, to be boiled down for the gold, and awarding iron substitutes with a patriotic slogan engraved inside.

The "market" stuff was useful but humble by our wasteful standards. There were wooden sandals, galvanized pots, pans and tubs, new and used, second-hand leather shoes and cloth apparel, coathangers, and many, many sandals made of linoleum or tire-fabric in the soles and cheap cloth lashings. I picked out the city hall as the edifice where I thought Mussolini held his reception for the visiting press and received with lowered eyes, as though in spiritual pertubation, from the trembling hand of a young Englishwoman covering the assignment her own wedding ring for the collection. I am told, but without verification as yet, that a great slag of shapeless metal is on show in some chamber of horrors, warning mankind against Fascism, and, doubtless, also McCarthtyism, which represents some thousands of those rings.

The scene somehow was only faintly reminiscent, not familiar at all. In the corridor of the city hall there was a sign pointing to the office of the gyneologist and the periatrician. On the bulletin board, behind glass, were several public notifications of betrothals. So life goes on.

That day, 20 years ago, many mothers inched up a ramp to the Duce's platform to accept from his benevolent hands bundles of fresh money in large denominations. These were prizes conferred because they had borne within stated periods of time numbers of babies and had not only replenished the earth but augmented the forces of Fascism and Italy. This money had no more substance or backing than our dollar bills have today but they did have buying power and were received with almost whimpering thanks. (So God bless Walter Reuther and young Henry Ford for their bounty in the greenbacks from which Roosevelt withdrew the golden guarantee). Today, the Mussolini money has no value except as souvenirs.

There had been a frantic brass band among the front ranks of the crowd and small corps of half-grown militia with chicken-feathers on their hats who screamed "Doochay! Doochay! Doochay!" So ardently that tears ran down their cheeks. And the bab ballilla, the Boy Scouts of Fascism, also cried 'Doochay!" and waved their trumpets in wild fanfare and worked over their drums in joyous rataplan.

The green wooden doors of the church with a tall tower were locked and a woman, passing by, explained, "siesta!"

Well, they have their fields, their little rural villages, slightly run down, their cinema and a living. They handle little money but they are not ragged nor apparently hungry. Education is not fastidious nor an affectation imposed by brain-washers to disturb, not enlighten, the people. God only knows how many of those young militia and their fathers died for Mussolini. But who knows how many Americans laid down their lives to deliver Soviet Russia from her mortal enemies, Germany and Japan?

COMMUTER'S WOES

The commuter has a hard life. He lives miles away from his work, which necessitates a long journey twice a day. If he uses public transportation, he pays a considerable sum and generally occupies hot and unattractive vehicles. Further, the fare is constantly increased as attendance falls off and the railroads or buses fail to make ends meet.

This familiar lot is analyzed by the New York Times, which finds that only in Chicago and San Francisco is there a different tale. In Chicago the improved lot applies only to commuters living west of Chicago who enjoy the excellent service one railroad is reported to give.

Apart from this railway, if this be an exception, the commuters' transportation seems invariably run at a loss. There is one comment: As long as commuters would rather drive than use public transportation, they have no right to complain of traffic congestion or of the failure of the railroads and buses to provide an attractive alternative.

RED HAT DAY

A red hat has long been the symbol of safe hunting. Prudent sportsmen always wear one in the woods and fields during the hunting season, to guard against being taken for game. Unhappily, however, due to the seemingly ever-growing numbers of trigger-happy hunters, this precaution is not invariably successful.

On September 23rd, Red Hat Day will be observed. Sponsored by the Portland, Oregon, chapter of the Izaak Walton League, it has been given national recognition. Its object is to make hunting safer—and to protect our hunting lands from fire and other ravages.

Obviously that can't be done in one day. So Red Hat Day itself will simply be used to intensively publicize the problem and to point to solutions. The work will go on, in cooperation with conservation organizations, schools, farm and business groups, sportsmen's clubs, and local, state and national governmental agencies.

JOBS FOR THE HANDICAPPED

A Presidential committee urges that five per cent of the labor force of business as a whole be made up of handicapped workers. If this goal is reached, the 2,000,000 who are disabled at the present time would be given jobs, and so would the 250,000 who become disabled each year. Of last year's rehabilitated disabled, jobs were found for only 65,000.

Hiring the handicapped is good business too. A Bureau of Labor Statistics study found that handicapped workers have lower accident rates, lower absentee rates, five to nine times less turnover, and a better production record than others.

Every business, large or small, should do what it can to help the nation reach that five per cent goal.

NOT ENOUGH RICH PEOPLE!

It used to be said that well-to-do and rich people could pay most of the taxes, so the rest of us needn't worry too much about the cost of government. But that situation is as dead as the Pharaohs.

The federal individual income tax starts at 20 per cent. Then, as income levels rise, surtaxes of from two to 71 per cent are added on, making the maximum tax a staggering 91 per cent. Despite this, some 84 per cent of our total individual income tax revenue comes from the base rate of 20 per cent—while only 16 per cent comes from the surtaxes. We just haven't enough rich people to soak!

'These Days'

By GEORGE SOKOLSKY

GOING BACKWARDS

The course of civilization has been in the direction of softening the angers of man for man. Prisoners of war used to be killed to save the expense of feeding and housing them. Sometimes they were enslaved.

When all European armies were professional, the soldier was an artisan at war who might, on order of his commander, be on the other side. Loyalty was to the commander rather than to any concept of nationality. It was in the 17th century that the concept evolved of the conqueror as the custodian for prisoners of war. In time, the philosophy developed that military prisoners were not guilty of crimes against the opposing states.

Sir Charles Oman, in his "A History of the Art of War in the Middle Ages," makes the point:

"For the combatants had no national or religious hatred for each other, and generally not even personal hatred. . . . But the men-at-arms of each host had probably served half a dozen times side by side with their enemies of the moment, since the bands were always passing into the pay of new employers. . . . And even if this were not the case, all mercenaries were more or less brothers in arms, and despised the tyrant or the bourgeoisie which paid them. Moreover, a prisoner was worth to his captor not only the value of his horse and armour, but also a ransom, while a dead man could pay nothing. . ."

Thus war became increasingly humanized because a live soldier was worth more than a dead soldier. Total war, as it developed in World War 2, however, calls for the complete destruction of the enemy—not only of his soldiers but of the whole population including women, children and old people. Therefore it does not pay to keep prisoners alive or even well. Furthermore, the complication of war for ideas engendered a fierce fanaticism. When countries fought over a boundary line, the rulers could have their tongues in their cheeks; maybe a marriage would eliminate the boundary more effectively than a war. But when men fight over ideas, they only too often reach the conclusion that all dissenters must die.

In the Report on Prisoners of War, the Secretary of Defense's Advisory Committee rightly points to Communist Chinese barbarism. The Death Marches astound them. The Report says:

"So the journeys to the prison camps were 'death marches.' Especially in the winter of 1950-1951 when the trails were knee-deep in snow and polar winds flogged the toiling column. On one of these marches, 700 men were headed north. Before the camp was reached, 500 men had perished."

But that was the clear intent. It was that the men should die, without being killed conventionally, so that the cost of upkeep should be reduced. I knew intimately Chinese wars from 1918 to 1931 but never saw a prison camp. It was tough enough paying and feeding the soldiers; who had the money to feed prisoners? And so the Report says that the prison "camps varied from bad to worse."

The greatest crime of all was the use of the prison camps to corrupt the minds and spirits of the prisoners. In this work, the Chinese Communists were assisted by Americans, called "Progressives." Among these were, of course, ordinary apple-polishers, toe-lickers, snide creatures who were willing to get an extra loaf of bread or a piece of meat for betraying their comrades. Such are found everywhere.

But among them were also found convinced Marxists who while in our army were ideologically and emotionally associated with the enemy. How many of these there were we shall not know beyond the "Twenty-One" who stayed behind. The "Progressive" was an agent of the enemy inside our forces. The Report on POW indicates that we still have a meagre concept of what they were and what they did.

True that these were a minority—but how many are needed? Of a total of 4,428 Americans recovered from the POW camps, 192 were definitely regarded as suspects, although the conduct of 565 was questioned. As compared with civilian life, this was a very large proportion. In a university consisting of thousands of students, it has been found by experience that a hard core cell of a dozen Communists could do an unbelievably competent job of penetration. How much more could 192 do among only 4,428?

That Body of Yours

By JAMES W. BARTON, M.D.

BELL'S PALSY

A few years ago I met a fellow practitioner and noticed quite a change in his face. One side was quite smooth and expressionless while the other side appeared normal. He told me he had what is known as Bell's palsy or paralysis and that his face would return to normal within a few days. This type of paralysis of the face was first described by Dr. Charles Bell in 1821 and is a disease the duration of which may vary from two weeks to six months, depending on the extent of damage which has been done to the seventh (facial) nerve. The prospect for complete recovery is good in 80 to 90 per cent of cases.

The exact cause of Bell's palsy is unknown. It is a condition more frequent in women than in men by a ratio of 9 to 7. In many cases there is a history of local chilling preceding the onset of the paralysis. In some cases there is a history of a head cold.

The important point in the treatment of Bell's palsy is that it should begin at once. It is now evident that the outlook is good if treatment is started within a few hours or days of the beginning of the condition and should be carried out daily during the first two or three weeks of observation. A delay in starting an intensive treatment program is likely to prolong by months the duration of the paralysis.

The procedures employed in the treatment of Bell's palsy are (1) local heat, (2) electrical stimulation, (3) massage, (4) exercise, and (5) splinting of the face. The purpose of local heat is to prepare the muscles of the face for electrical stimulation and massage. A convenient form of heat for this purpose is infra-red radiation. The lamp should be placed at a comfortable distance for about 15 to 20 minutes. Heat is followed immediately by electrical stimulation, such as a 25 cycle alternating current on an interrupted direct current. Three periods of brief vigorous stimulation daily were found to bring best results. This can usually be carried out in the patient's own home, usually from two to five minutes at a time is sufficient. A third measure of treatment is facial massage which the patient can be taught to do himself. Exercise is often used under the direction of a qualified physiotherapist after the heat, massage and electrical stimulation have been used.

The use of a facial splint varies, some physicians feel it is of no help and others are in favor of it. A splint is often used to support the corner of the mouth and prevent stretching of the paralyzed muscles. Whether or not the fact is placed in a splint, the eye should be protected by a patch or goggles.

The important point to remember in Bell's policy is that early treatment is necessary and complete function of the fact can often be restored even in severe cases if treatment is begun within a few days or hours of the time of onset and carried out daily during the first two or three weeks of observation.

Edson's Washington News Notebook

By PETER EDSON
NEA Washington Correspondent

Washington (NEA) — Major attention on hurricane and flood relief from Washington has been focused on the big projects. But the plight of the little victims of storm damage is equally important. And what can be done for them is not well understood.

This is where Small Business Administration and Farmers' Home Administration disaster loans and Federal Housing Administration insurance on private mortgage loans come in to the picture.

Their general purpose is to put people who have suffered storm losses back into the condition they were in before the disaster struck.

This is humanitarian all right, and it may be paternalism. But these are not gifts or grants that the government hands out. They are loans that have to be repaid. And there is no getting around the fact that, although all storm victims may be restored to previous comfort, they may still be left saddled with debts they did not have before.

Disaster loan terms are most favorable. In general they are 3 per cent loans for 10 to 20 years.

THERE IS ONE TYPE of disaster victim which government loans cannot help. A typical case would be a retired couple living on a pension in their own home which is paid for. Since the government can make only loans that have a good chance of repayment, it can't help here.

Cases of this kind must be turned over to the Red Cross or community relief. This is why donations to their emergency relief funds are warranted for long-term aid as well as first aid.

Most of the recent flood damage was on older and lower-valued property in the low lands, naturally. There is little flood insurance written on such property. If it can be proved that hurricane winds drove the water in, then storm insurance clauses may cover some of the loss.

Nearly all the damage from hurricane Hazel last year was from wind. Small Business Administration made 13,000 loans for an average $700 to repair damage from that storm.

A first look at New England and middle Atlantic flood areas by SBA Administrator Wendell Barnes brought estimates that the Connie and Diane damage might be four times as great.

SBA HAS OPENED 16 temporary offices in the northeastern states plus two more in North Carolina to take disaster loan applications. Thirty thousand application forms have been put out. The agency anticipates some 7500 loan applications will be filed and about 5000 loans will be granted.

They will cover not only homeowners, but also small businessmen like grocers whose inventories were destroyed and manufacturers whose plants or machinery may have been damaged. Red tape is to be minimized in granting all loans, with on-the-spot approval for up to $20,000.

Farmers' Home Administration is prepared to make disaster loans through their local offices in 58 counties hit by the Connie-Dianne deluge. This covers all of Connecticut and New Jersey, six counties in Massachusetts, 11 in Pennsylvania, five in Maryland and seven in New York.

These loans can be made to farm owners and tenants for feed, seed, fertilizer, replacement of farm equipment or livestock, replacement or repair of buildings and fences. The idea is to keep the farmer going till he can get back on his feet in the next crop year.

FHA MAKES THESE loans only where credit from other sources is not available. The government will not lend money for crop damage nor to pay off debts. The farmer gives a lien on crops or property he owns as his security.

Surveys are now being made to see how many farmers will need assistance. The average disaster loan in the past has been from $1200 to $1500 for one to five years.

The other FHA — Federal Housing Administration — will insure private loans of up to $2500 for three years for home repair of storm damage.

FHA will insure 100 per cent loans up to $7000 value, without down payment, on new housing for disaster victims. On higher valued replacement housing, FHA will insure in full—up to 95 per cent on the first $9000—for 30 years. These loans are made through local banks or building associations, but are government insured.

On its existing insured home loans in the disaster areas, FHA has extended from nine to 15 months the time on which mortgage payments may be suspended before claims must be filed.

It will be interesting to see how many Democrats favor tax reduction at the next session. A split in the party is certain.

SEN. BYRD will have no difficulty being consistent on this matter because he was the first to speak out when Secretary Humphrey mentioned the possibility of tax reduction. The Virginia Senator said:

"I agree with Secretary Humphrey that the budget can be balanced in this fiscal year. I am not certain, however, that both a tax reduction and a balanced budget can be accomplished. It would be foolhardy to balance the budget and then unbalance it by a premature reduction in taxes.

"I strongly favor tax reduction made possible by retrenchment in spending. I have predicted for some time that the revenue would exceed the Treasury's estimates, but we should not rely upon this revenue coming from the present business boom, as this may fall off. The sound balancing of the budget must come about by reducing expenditures."

It is significant of the spending mood of our times that hardly anybody says anything about accumulating a surplus to pay off the national debt. The country doesn't need tax reduction now, though it is always in need of tax revision to correct inequities. But even this corrective process has to be delayed if the budget is thereby unbalanced.

EVERY AMERICAN is taught that it is thrifty to save money to pay off debts. But, somehow or other, few people seem concerned when the national government doesn't do a thing to pay off the money it has borrowed. After the close of World War 2, the Democrats were in power seven years continuously, and yet they never attempted even to plan for debt retirement. After the close of World War 1, the Republican party was in power and during its first nine years cut the national debt almost 40 per cent.

Someday, if the American people ever think through the dangers of keeping a $280 billion debt without any provision for retirement, they will begin to wonder about the value of their paper money—whether it is worth what it claims to be on its face. For, if the national debt remains where it is or goes higher and there is no intention to retire it, the public will not have the same confidence in the value of the dollar that it has had before.

IT MAY NOT seem to the politicians to be sound politics to apply the lessons of sound economics, but the risks to persons of fixed incomes and to millions of others when an inflationary spiral ensues are so great that in the long run more votes may be mobilized by doing the sound rather than the unsound thing. Only political demagoguery keeps the people from knowing the truth about the way their national finances should be handled.

AS PEGLER SEES IT

By WESTBROOK PEGLER

Rome — Twenty years ago, Mussolini honored himself with a great celebration dedicating a village called Pontinia south of Rome and near the Mediterranean shore. This was similar to a hundred tasty little vacation settlements slapped together in Florida within an exciting decade, always by the private enterprise of speculative promoters, including some scandalous gyps. Il Duce's publicity department wanted foreign coverage so I went along to cover a day's program of incited emotions, which is my main recollection of the Duce from personal observation.

During the so-called, but miscalled, Anzio invasion by the Americans I wondered how fared poor little Pontinia, whose resident farmers were sent there to till the reclaimed soil of the Pontine marshes. Mussolini made other such villages and there is still rancorous dispute among Italians whether he did wisely because there was much wild game in these badlands and the Italian sportsman is ordinarily so hard up that a robin is big casino. Our sentimental protectorate over songbirds becomes naïve when we reflect that they are toothsome and do destroy fruit that people might eat. But there are relatively few shooting men in Italy and the score seems to cast up in the Duce's favor because he increased the production of grain and greens and vanquished clouds of mosquitoes which had been implanting malaria for years.

Aprilla, now gone industrial in a small, bustling way, with a meat-canning plant and a small cement works, was just off the Appian way so I detoured a little while and observed the rising of many apartments which indicate an improvement in the condition of just that many Italian workers who, at the present lineup, nevertheless, are more likely Communist than otherwise. In New York, such honeycombs would be no gain but out in the sunny country they are de luxe. George Spelvin, American, has picked up so many tabs in Europe that much of this cost probably is stirred into his tax bill.

Pontinia was having a "market" in the two blocks of the Main street, with barricades to exclude auto traffic. I dismounted and went climbing through clusters of lumber as the pitchmen dismantled their stalls as business gave out, looking for the place where Mussolini had stood on a platform receiving the homage of the poor and accepting in his very own hand, gloved in black kiid, one by one, the wedding rings of hundreds of women, old and young, to be boiled down for the gold, and awarding iron substitutes with a patriotic slogan engraved inside.

The "market" stuff was useful but humble by our wasteful standards. There were wooden sandals, galvanized pots, pans and tubs, new and used, second-hand leather shoes and cloth apparel, coathangers, and many, many sandals made of linoleum or tire-fabric in the soles and cheap cloth lashings. I picked out the city hall as the edifice where I thought Mussolini held his reception for the visiting press and received with lowered eyes, as though in spiritual pertubation, from the trembling hand of a young Englishwoman covering the assignment her own wedding ring for the collection. I am told, but without verification as yet, that a great slag of shapeless metal is on show in some chamber of horrors, warning mankind against Fascism, and, doubtless, also McCarthtyism, which represents some thousands of those rings.

The scene somehow was only faintly reminiscent, not familiar at all. In the corridor of the city hall there was a sign pointing to the office of the gyneologist and the periatrician. On the bulletin board, behind glass, were several public notifications of betrothals. So life goes on.

That day, 20 years ago, many mothers inched up a ramp to the Duce's platform to accept from his benevolent hands bundles of fresh money in large denominations. These were prizes conferred because they had borne within stated periods of time numbers of babies and had not only replenished the earth but augmented the forces of Fascism and Italy. This money had no more substance or backing than our dollar bills have today but they did have buying power and were received with almost whimpering thanks. (So God bless Walter Reuther and young Henry Ford for their bounty in the greenbacks from which Roosevelt withdrew the golden guarantee). Today, the Mussolini money has no value except as souvenirs.

There had been a frantic brass band among the front ranks of the crowd and small corps of half-grown militia with chicken-feathers on their hats who screamed "Doochay! Doochay! Doochay!" So ardently that tears ran down their cheeks. And the bab ballilla, the Boy Scouts of Fascism, also cried 'Doochay!" and waved their trumpets in wild fanfare and worked over their drums in joyous rataplan.

The green wooden doors of the church with a tall tower were locked and a woman, passing by, explained, "siesta!"

Well, they have their fields, their little rural villages, slightly run down, their cinema and a living. They handle little money but they are not ragged nor apparently hungry. Education is not fastidious nor an affectation imposed by brain-washers to disturb, not enlighten, the people. God only knows how many of those young militia and their fathers died for Mussolini. But who knows how many Americans laid down their lives to deliver Soviet Russia from her mortal enemies, Germany and Japan?

More Cars Than Food

Des Moines (AP) — Iowans last year spent more money on automobiles than they did on food. The Iowa Development Commission says $608,169,000 went toward automotive sales and upkeep as compared to $479,359,000 for food.

Invented by Levi Hutchins, Concord, N. H., in 1787, the first alarm clock was 29 inches high and 14 inches wide.

Wacs Floor Intruder

Frankfurt, Germany, Sept. 8 (AP)—It probably will be a long time before one German goes sneaking about a Wac dormitory again in the dead of night. In fact, the unknown German probably won't be able to get about much for a bit, thanks to the cuts and bruises four Wacs and their baseball bats inflicted on him. The vigorous American girls are M. Sgt. Sidonia Geiger, Napa, Calif.; Specialist 3/C Genevieve Popiela, (260 Loetere street) Buffalo, N. Y.; Specialist 2/C Rose M. Tax Evader Sentenced

Alexandria, Va., Sept. 8 (AP)—Joseph T. Sherman, former Washington public relations man, was sentenced today to 15 months in federal prison on income tax charges. Sherman pleaded guilty in June to charges of failing to file returns but in a statement to Judge Albert V. Bryan in Federal District Court today he said "there were extenuating circumstances" and no "willful evasion."

Auto Insurance Policies Clearer, Firm Announces

Nationwide Mutual Insurance put on the market here Wednesday its new basic policy containing pictures, large print, and half the words of previous policies.

"We believe it's the most concise auto insurance contract ever written," said DeForest Wiles, district sales manager. "The company has long felt that an insurance agreement should be as well understood by the man-in-the-street who buys it as by the insurance technicians who write and service it."

THE POLICY was developed last spring, Mr. Wiles said. Its introduction was timed for after September 1 when the firm, formerly Farm Bureau Mutual Automobile Insurance Company, changed its name to Nationwide Mutual Insurance.

In transforming its old basic policy into the new, the company cut the number of words from 6092 to 2843. It increased the size of type, widened space between lines, and placed 15 cartoons throughout the contract. One picture, illustrating a unique coverage, shows the company making up wages a policyholder loses in attending a trial; another indicates that the same coverage a man has on his car automatically extends to his house trailer.

THE NEW POLICY is the result of three years' research in insurance and legal language, he explained. In some places the firm found it could cut wordage by phrasing provisions more simply. In others it scrapped provisions altogether because they were never used, for example a 75 word paragraph giving the company the right to recover liability payments under certain curcumstances. Also the company reduced from 20 to 4 the policyholders duties after reporting an accident, saving some 600 words and a lot of the policyholder's and the company's time.

In some instances parts of the policy have been removed because court decisions over years have made them void. A paragraph saying the company will not consider assault and battery an accident has been cut out because courts have decided the offense is an accident to the fellow to whom it happens.

"In short," Mr. Wiles said, "we took a good look at our auto policy in the light of recent court decisions and our own modern proceedures and decided we could cut out a lot of dead timber."

Worker's Car Burned

Indianapolis, Sept. 8 (AP)—A worker's car was burned today in a shouting melee while CIO United Auto Workers officials tried to persuade 4,000 members to go back to work in the Chrysler Corp. automatic transmission plant. Workers shouted down their union leaders and stayed off the job in a walkout that started Tuesday night over the firing of an employe for striking a supervisor. The plant had just reopened that day after a two-week inventory period. Firemen couldn't save the burning car on the company parking lot at the east edge of the city. Two other cars were turned over and tires were slashed on others.

a childhood accident, finally broke up in tears."

The air force declined comment on Wyden's account but said that if it is accurate some changes may be made at Stead. It summoned the base commander, Col. Burton E. McKenzie, to Washington to check on the story. Newsweek said it was accurate and had been cleared by the Pentagon.

Wyden wrote that "some 29,000 men have safely withstood the 17-day course" at Stead and that none of the trainees have formally complained of their tough treatment.

McKenzie, himself a prisoner in Germany in World War 2, was quoted as saying the trainees "take it because they realize it's as important to them as life insurance."

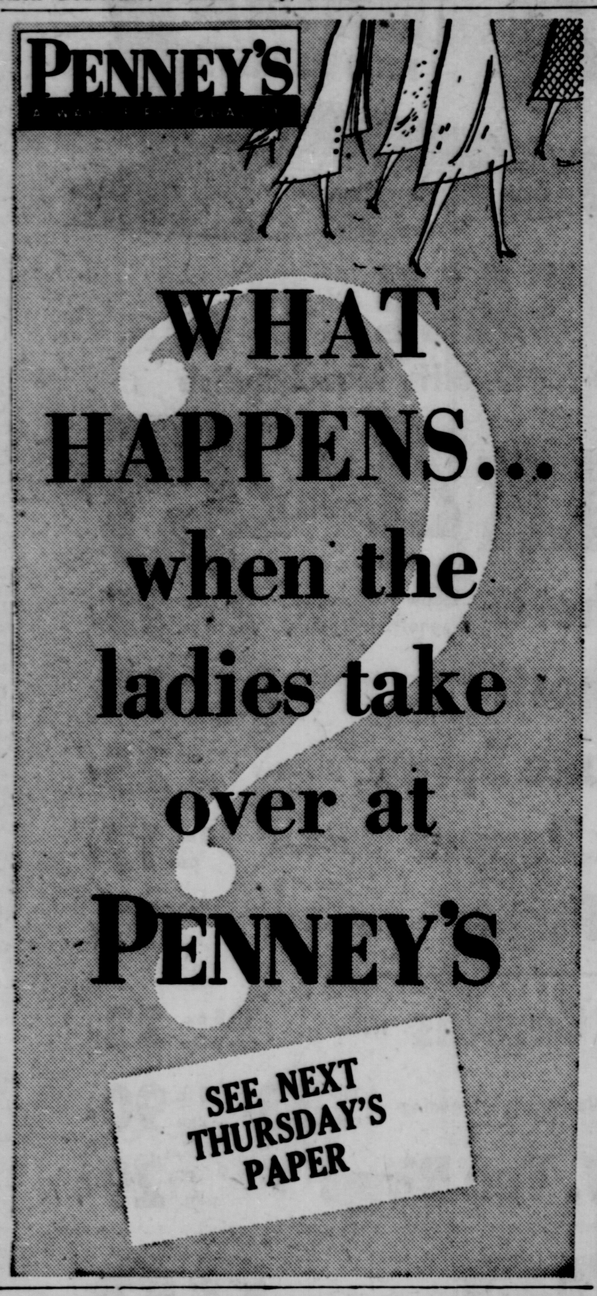
Drug Results Told

Iowa City, Iowa, Sept. 8 (AP)—Striking results have been obtained through use of a new drug, ritalin, in treatment of certain types of mental illness, the American Society of pharmacology and experimental therapeutics was told today. Dr. John T. Ferguson of the Traverse City State Hospital in Michigan said the drug appears to be extremely effective in treatment of severely depressed, apathetic and negative schizophrenics.



WEEKLY FOOD REVIEW

(By The Associated Press)

The nation's food stores are offering a tempting range of meat specials for the coming weekend. Look around a bit and you're almost sure to find the meat you want at sale prices somewhere in your neighborhood.

There will be featured prices on prime ribs of beef, round roast, chuck roast, loins of pork and legs of lamb. Here and there, prices will be cut on fryers, pork butts, sirloin steaks and veal shoulder roast.

MEAT BUYERS for the big chains complain most wholesale prices have gone up, but the U. S. Department of Agriculture says pork is a good buy. It predicts that pork prices will go down during this month and for the rest of the year will most likely hold to lower levels than a year ago.

As evidence that pork is a good buy, the USDA notes that on Aug. 20, pork loins of eight to 10 pounds were wholesaling in New York at $46.90 per hundred pounds. A year earlier, the price was $56.80.

EGG PRICES will be down two to five cents a dozen in some areas this weekend. Elsewhere, they'll be unchanged from a week ago. Butter pricetags haven't been altered.

Potatoes, onions, eggplant and yellow squash are listed by produce specialists as outstanding buys this week. "Good Buys" include beans, cabbage, carrots, corn, cucumbers, cauliflower, iceberg lettuce and peppers.

Celery is considered moderately priced.

If your looking for a change of pace, consider the artichoke. Supplies of this item are beginning to arrive in markets around the country from California.

THE WATERMELON season is about over, but you'll find ample supplies at low prices. Limes are another unusually good buy in fruit.

Some table variety apples are coming to market now, although cooking apples still make up the bulk of present supplies.

Peaches are rated a good buy. Better quality peaches are up a bit from a week ago, however.

Pears offer good value. They're mostly Bartletts. Plums and prunes are lower. Canteloupes and honeydews are attractively priced.

Grapes also are worth consideration. They're coming to market from nearby areas and prices are reasonable.

Buffalo Man Dies

Binghamton, N. Y., Sept. 8 (AP)—Andrew H. Sawtelle, 80, of Buffalo, who was struck by an automobile last Saturday, died yesterday in Binghamton City Hospital. Coroner A. J. Stillson withheld a verdict on the cause of death. Sawtelle, an investment broker, was struck in Owego's Main street by a car police said was operated by James Weaver, 18, of Owego. Weaver was not held.

Red Cross Flood Relief Here Is Topic at Rotary

Blanche E. Skidmore, field representative of the Red Cross disaster relief service and director of the disaster office in Ellenville, gave a brief report about the operation of the Red Cross offices in Ulster county in their efforts to assist all communities in flooded areas at the Rotary Club meeting Wednesday at the Governor Clinton Hotel.

In Ulster county 40 families have registered with the Red Cross for assistance, 31 families have received food, clothing and shelter. Twenty-one of the 40 families involved have requested further assistance with repair or building of homes, replacement of household furnishings, winter clothing, lost in the flood and loss of occupational tools.

THE REPRESENTATIVE said that volunteers recruited in Ellenville and Kingston through the Red Cross have done a wonderful job in helping to interview people and to meet their emergency needs. All emergency assistance during the first days after the flood was based simply on the family's request and without verfication of need.

What the Red Cross does in times of disaster was briefly outlined by the speaker. It included the providing of food, clothing, shelter and medical care free and without obligation to pay. Further rehabilitation to help a family restore its capacity to reach and maintain its pre-disaster standard of living is given on the basis of the need of the family and not its loss. When assistance is given, it is in the form of an order for goods, not cash, and the family affected may select any merchant of his own choice.

Advisory boards in the various communities act as consultants with the Red Cross workers.

The work here, she explained, is only a part of the tremendous effort in the six states involved in the flood in which 34,527 families have been affected.

Shokan

Shokan, Sept. 7—Mary Rodgers, a summer visitor has returned to New York following a two months vacation at one of the L. F. Ruckert bungalows in the village center.

Mr. and Mrs. Robert Bloom of Newburgh were Shokan callers Sunday. "Bob", a Dupont employe for many years, was born and brought up in old Shokan.

Mr. and Mrs. Abraham Schultz last week took possession of their new home, the former Walter Naughton summer bungalow along the Ridge road. The couple have made a number of improvements to the dwelling which affords a vista of the east basin of the reservoir.

Mrs. Alfred Wallerstein and daughters, Mrs. N. Boggiano and Louise, of Brooklyn were at the family place last Wednesday. Anita Wallerstein is now assistant principal of Public School No. 67 in the Ft. Greene sector of Brooklyn. The three women were accompanied here by their relatives, Mrs. William Osterhoudt, the former Elaine Lewis, and baby daughter, Betty Ann, of the Olive Bridge area.

Helen Isaaksen of Brooklyn who spent her girlhood vacations on what is now the B. Swanson place, was here last week.

Among the southern Ulster people calling in the hub of the reservoir country Wednesday were Mr. and Mrs. Nicholas Van Rennselaer and Helen Olds of New Paltz. They were accompanied by Louis Hill of Poughkeepsie. All three women are former school teachers. Miss Olds having been a member of the college faculty at New Paltz.

Virginia Hahnel motored here from her home in Rochester and spent the weekend with Mr. and Mrs. Eugene Johnson and son, Gregory. It was Miss Hahnel's first trip to the Ashokan country.

Commander and Mrs. Lawrence Shute of Brooklyn were among the many callers at the local museum Saturday. Mrs. Shute is daughter of the Rev. M. N. Kalemjian, one time pastor of the Krumville Church.

Mr. and Mrs. Hamilton Peck of New York were holiday guests at the Robert Peck homestead near Tice TenEyk Mountain.

George Pearson, well known Lake Katrine farmer, was a Shokan caller.

M. G. Irwin has completed a road to his hillside development overlooking the Ashokan west basin.

Michael Anthony of the Bronx spent the weekend with his wife and son, Pietro, at the Mstrota place on Route 28.

Eva Burt and daughter-in-law, Mrs. Robert Gordon of Woodstock were callers Thursday at the home of Robert's mother, Mrs. Virgil Gordon.

Vivia Winne has returned to her home in Ashokan following a visit of several weeks with girlhood friends in Cleveland and Columbus, O.

Atlanta (AP)—Georgia's job insurance law requires that applicants for unemployment benefits be available for employment and be ready to accept a suitable job when offered. And being available doesn't mean showing up at the unemployment compensation office in bathing suits, play suits, shorts or "dressed for the beach," says Labor Commissioner Ben T. Huiet. "Not so long ago a man reported to one of the offices in swim trunks," Huiet reported. "He was denied job insurance for a week."

Red Cross Flood Relief Here Is Topic at Rotary

Blanche E. Skidmore, field representative of the Red Cross disaster relief service and director of the disaster office in Ellenville, gave a brief report about the operation of the Red Cross offices in Ulster county in their efforts to assist all communities in flooded areas at the Rotary Club meeting Wednesday at the Governor Clinton Hotel.

In Ulster county 40 families have registered with the Red Cross for assistance, 31 families have received food, clothing and shelter. Twenty-one of the 40 families involved have requested further assistance with repair or building of homes, replacement of household furnishings, winter clothing, lost in the flood and loss of occupational tools.

Held for Grand Jury

Albion, N. Y., Sept. 8 (AP)—William Dyson, 41-year-old Rochester truck driver, was arraigned on a first degree murder charge yesterday in the fatal knifing of a migrant farm worker at a dance hall Sunday. Dyson waived preliminary hearing and was ordered held for an Orleans county grand jury. He is accused of the slaying of Leo Howell, 27, during an argument over a woman.

New SLA Deputy

New York, Sept. 8 (AP)—State Liquor Authority Chairman Thomas W. Rohan yesterday announced the appointment of Robert F. Costanzo, of 189 Hampshire street, Buffalo, as a deputy SLA commissioner to serve in the Buffalo office. The salary is $8,090 a year. The announcement said Costanzo, 45, a World War 2 veteran, was resigning as deputy director of the Buffalo water department.

Tillson

Sanford to Speak To Tillson Vols On September 13

Tillson, Sept. 7—The regular monthly meeting of the Tillson Volunteer Fire Company will be held Tuesday, Sept. 13, at the firehall, starting at 8 p. m. Harold A. Sanford, deputy chief of the Kingston Fire Department, has been invited to attend and will discuss a fire training program for the members of the company.

The basic training course, which has been studied by a number of members in the past, runs for six weeks, one night each week. Company officials urge every member to sign up for the course, whether or not they have completed it previously. It is extremely beneficial to newer members, and is important as a refresher course for the volunteer firemen who have studied it before.

Also, the board of fire commissioners just recently called a special meeting of the district taxpayers for the purpose of increasing their annual budget to have sufficient funds with which to obtain replacement parts and to better maintain fire fighting equipment.

An official of the company said that it is sincerely hoped a large percentage of the membership will be interested in this training, and recognizing the additional responsibilities faced by the volunteer firemen due to the expansion and growth of the community, will attend the meeting next Tuesday to learn what is going to be done during the coming months.

Other interesting items of business will be discussed. A report on the summer carnival will be issued. Refreshments will be served following the business meeting.

School Group Meets On September 8

Tillson, Sept. 7—The Tillson School Association will hold its first fall meeting at the Tillson School on Thursday, Sept.8, at 8 p. m. At this meeting, the by-laws of the Parent-Teachers Association will be read and voted upon. Mayes Asks Vote On Primary Day Tuesday, Sept. 13

Hirschell Mayes, alderman of the First ward for six years, has mailed letters to enrolled Republican voters of the ward reminding them that Tuesday, Sept. 13 is Primary Day, and asking that they vote for him at the polls, thus designating him as the party's candidate for re-election in November.

Alderman Mayes received the Republican unofficial nomination at the party caucus in the First ward to succeed himself, but official designation depends on the Primary Day vote.

"I appreciate the consideration given me at the caucus," Alderman Mayes said, "and desire to thank all who expressed confidence in me by their support at the ward meeting."

The letters sent out by Alderman Mayes reminds the voters that polls will be open September 13 from 12 noon to 9 p. m. It says, "It is important that a enrolled voters in the First war vote on that day so that I ma be nominated, placed on th ticket and elected on Electio Day."

DANIEL BOONE

By Russ Winterbotham and Ralph Lane

Dan'l Boone continued to explore Kentucky, where only two Indian settlements had been built.

John Finley, one of Boone's army buddies of the 1758 French and Indian campaign, believed a colony could be built here.

Heedless that Virginia claimed Kentucky, Judge Henderson, of Salisbury, N.C., financed Boone, Finley and four others to find a site for the "14th colony."

Mt. Tremper

Mt. Tremper, Sept. 7—Mrs. Maude Hoyt and Mrs. Mabel Hudler attended the annual Labor Day reunion picnic of the oldtime residents of the Town of Olive on Monday afternoon. The reunion took place at Joe Friedberg's Grove in Boiceville. Pratt Boice of Lake Katrine, for whose family the village of Boiceville was named, was on hand to greet old friends and neighbors. Boice was one of the original founders of the reunion, which has been held each Labor Day for over 40-years. Fred Snyder of Kingston was the guest speaker and everyone had a good time.

Mr. and Mrs. Bert Benedict and family of Newburgh visited Mr. and Mrs. Richard Byron Saturday.

Kathy Haver, daughter of Mr. and Mrs. Joseph Haver celebrated her second birthday Wednesday, Aug. 31.

Mrs. Reginald Every, Jr., of Phoenicia visited Mrs. Kenneth Umhey on Thursday afternoon.

Mr. and Mrs. Patrick Smith and children, Patricia and Donald returned to their winter home in Elmhurst on Sunday after spending the summer at their summer home on the Onteora Trail.

Mr. and Mrs. John Schlegel spent the holiday weekend at their home here.

Spending the weekend with Mrs. Francis Lane and Mr. and Mrs. Reese Smith, Jr. were Mr. and Mrs. Richard Lane and children Barbara and Linda of Long Island. Mrs. Richard Lane is the former Barbara Langenegger of this village.

Miss Ruth Frommelt of Hollis visited Mr. and Mrs. Harry Carle and family for the long weekend. The two women are sisters.

Mr. and Mrs. Jose Valcarcel of the Bronx and here spent the weekend at their home, the Villa Hermosa.

Mr. and Mrs. Charles Blackwood of West Englewood, N. J. and Mt. Tremper spent the weekend in their trailer home on the Buley property.

Gerard Byron celebrated his eighth birthday with a party of his friends Saturday afternoon. He is the son of Mr. and Mrs. Richard Byron.

Participating in the annual IBM Family Day at Poughkeepsie on Saturday were Mr. and Mrs. Kenneth Umhey and sons Kenneth and Kevin and Mr. and Mrs. Reginald Every, Jr. and children, Karen and Douglas.

Mr. and Mrs. Alexander Uehlinger of Kingston and this village are spending a vacation at their home on the Onteora Trail, next to Winne's Garage.

Former resident Thomas Brown of Brooklyn spent the weekend at the Brookside House. More familiarly known as "Buddy" Brown, he visited old friends in the village. His family once owned the Busch home on the Willow road.

Mr. and Mrs. Conrad J. Gross of Kingston are here spending the weekend with a party of friends at their home on the Winne road.

Lawrence Lane, son of Mr. and Mrs. Burton Lane, celebrated a birthday with a party at his home Sunday evening.

The final square dance of the season, held in the former local schoolhouse, Saturday night was well attended.

Would Consider Age

Albany, N. Y., Sept. 8 (AP)—A Republican assemblyman from Queens would add the word "age" to the state law that prohibits discrimination in employment because of race, creed, color or national origin. Fred W. Preller said yesterday he would introduce at the next session of the Legislature a bill to outlaw bias because of age. Preller said in a statement that he had found "strong sentiment" for such legislation among persons aged 45 to 55 in his Assembly district. Very often, he said, persons who left jobs after 45 experienced "considerable difficulty" in finding new employment largely because of their age.

Mr. and Mrs. Conrad J. Gross of Kingston are here spending the weekend with a party of friends at their home on the Winne road.

Lawrence Lane, son of Mr. and Mrs. Burton Lane, celebrated a birthday with a party at his home Sunday evening.

The final square dance of the season, held in the former local schoolhouse, Saturday night was well attended.

Would Consider Age

Albany, N. Y., Sept. 8 (AP)—A Republican assemblyman from Queens would add the word "age" to the state law that prohibits discrimination in employment because of race, creed, color or national origin. Fred W. Preller said yesterday he would introduce at the next session of the Legislature a bill to outlaw bias because of age. Preller said in a statement that he had found "strong sentiment" for such legislation among persons aged 45 to 55 in his Assembly district. Very often, he said, persons who left jobs after 45 experienced "considerable difficulty" in finding new employment largely because of their age.

Riding Club Sets Junior Days Card

Woodstock, Sept. 8—An exciting program of Junior Riding Days, sponsored by the Junior Activities Committee of the Woodstock Riding Club, Inc., has been announced by J. Constant van Rijn, chairman of the committee. Although details of the program are still in the process of being completed, the prospect in sight for the young riders of the area is for plenty of fun and activity. The Junior Riding Days, which will be held rain or shine at the Ohayo Mountain riding ring, will be on Sundays, Sept. 18, Oct. 9 and Nov. 13, all to start at 10 a. m.

Participation in the Junior Riding Days is not restricted to members of the Woodstock Riding Club, but non-members of the club may participate only upon receipt of invitations from club members. Persons invited will be required to bring their signed copies of the club's invitation to be submitted to a committee member on the event day. Members of the Woodstock Riding Club are not required to enter or mail any forms, but simply show up at the grounds.

There is no age limit for participation in the Junior Riding Days. However, the activities are being designed expressly for the younger generation. Depending upon the experience and age of the participants at any event day, the judges will split participants in such manner as is required for fair competition.

In addition to a liberal amount of especially made ribbons, three fine trophies have been donated for the three events. They are: a sterling silver plate, engraved, to be given for the best overall performance in horsemanship classes of the Sept. 18 event, and donated by J. C. van Rijn; horse statuette trophy, donated by Edward Donohue; and a sterling silver bowl, engraved, and given for the best overall performance in all classes during the entire three event days. The bowl has been donated by George Hard.

The program of events scheduled for the day of September 18 is as follows: Opening Drill and Salute, with all riders participating; Jumping—Class A up to 12 years, start at 2 ft., Class B, 12-16 years, start at 2½ ft., Class C, over 16 years, start at 2½ ft.; Ribbon Race; Pleasure Horse, Class A Western, Class B English; Trail Class (Western); Simulated Trail Ride (Western and English); Musical Chairs; Equitation, Class A Hunter seat, incl. four jumps at 2½ ft., Class B Flat saddle, dismount and change mounts, Class C Western saddle dismount and change mounts; Rummage Race, terminating in costume; Sportsmanships March and Award of Trophy.

Daytime stabling for horses will be available in the closed and open stalls at the field. There is no charge for stabling, and stalls will be made available on the basis of first come first get. Straw will be provided, but riders are asked to bring their own hay and grain. There is plenty of water on the grounds.

Arrangements have also been made for participants to camp overnight on the grounds on Sept. 17. Edward Donohue will chaperone the party. To be elegible to camp overnight, applicants must register beforehand by letter or phone to Mrs. Mary Orser, secretary of the Junior Activities Committee, by writing her at Woodstock. No overnight camping will be allowed on the night of Sept. 18.

Participants are asked to bring their own lunches and refreshments, as nothing will be provided on the grounds.

There will be no entry fees, no stabling charges, and no charges of any kind for participation in these three events.

The Woodstock Riding Club welcomes applications for new members. Application forms may be obtained from the chairman of the Membership Committee, Mrs. Griffin Herrick.

All other information concerning the Junior Riding Days may be obtained from Mrs. Mary Orser, including trailer pool applications.

Recreation Group In Fund Appeal

Woodstock, Sept. 8 — The Youth Recreation Committee of Woodstock is making its only appeal for funds through a letter sent to residents, according to Assemblyman Kenneth L. Wilson, chairman of the committee.

The Recreation Committee is well aware that numerous requests from worthy organizations are received the year round by residents of the township, and has purposely refrained from sponsoring any events from which a revenue might be derived.

The summer program at the Recreation Field, Mr. Wilson said, has been the most successful in Woodstock's history. As many as 150 children have participated in the various programs in a single day. Highest praise has come as well from summer visitors whose children have found a safe and happy haven wherein they found a varied outlet for the energies. All this has been highly gratifying to the committee which has made an all-out effort to make this program as comprehensive as possible.

However, the committee has found it necessary to remind those whose children have enjoyed the privileges at the field, that just the maintenance and repair of five acres of playground, the swimming and wading, the modern sanitary facilities, nearly an acre of safe ice for skating and other aspects of the physical plant, presents a tremendous financial problem entirely aside from the expenses of operating a recreation program.

"Juvenile delinquency is one of the gravest and most perplexing problems facing the present generation," Assemblyman Wilson believes. "Authorities agree that healthy bodies and wholesomely occupied minds add up to part of the answer."

"You are helping to meet this challenge in Woodstock," he added, "by your generosity and support of the youth program."

Any contribution will be gratefully received. Checks may be made payable to the Woodstock Recreation Fund.

Lutheran Food Sale

Woodstock, Sept. 8 — A food sale for the Lutheran Church of Woodstock will be held on the church lawn, starting at 10 a. m., Saturday, Sept. 10.

Firemen Slate Film Days at Sunset Drive-In

Woodstock, Sept. 8—Three benefit shows of a double feature program at the Sunset Drive-In Theatre will be held for the Woodstock Fire Company No. 2 building fund, Wednesday, Thursday and Friday, Sept. 14, 15 and 16. The two films in CinemaScope on the wide vision screen, also in technicolor are The Cobweb, starring Lauren Bacall and Charles Boyer, and Moonfleet with Stewart Granger. The shows starts at dusk, at regular prices.

Tickets may be obtained from members of the Fire Company or from the News Shop and the Woodstock Colonial Pharmacy, and at Larry Hogan's Garage in Bearsville and the Wittenberg Store.

The members of Woodstock Fire Company No. 2 have been hard at work throughout the past summer on the foundations of the new firehouse in Wittenberg. The walls are now partially up, and the members have been putting in extra hours each evening in order that the fill for the foundation may be completed before frost. They hope to start the grading and above-ground work in the near future.

Residents are well aware of the vital importance of a good, well-equipped firehouse, ready for calls at a moments notice. They are urged to help boost the building fund by attending these benefit performances.

Democratic Caucus

Woodstock, Sept. 8 — Carl Hubbell, Democratic town chairman, has announced that the Woodstock Democrats will hold their caucus Monday, Sept. 19, at 8 p. m., at the Town Hall.

Mandel to Design Title for NBC

Woodstock, Sept. 8—Howard Mandel, Woodstock painter, has been commissioned by NBC to execute the title design for the traditional Christmas production of Gian Carlo Menotti's "Amahl and the Night Visitors" on TV this year. The modern opera will be televised in full color. Mandel's design has also been chosen as the official Christmas card of the broadcasting company. The artist, in collaboration with John Pike, is responsible for the set for the forthcoming Woodstock Foundation production, "Funza-Poppin."

Stang Is Guest Speaker

Woodstock, Sept. 8 — Mayor Frederick H. Stang of Kingston will be the guest speaker at the first fall meeting of the Woodstock Square Club, to be held Thursday, Sept. 15, in the fire hall at 8 p. m.

To Meet Monday

Woodstock, Sept. 8—The fall season will open for the Woodstock Business Association with a meeting, Monday, Sept. 19, at the Pinecrest Lodge.

Search Continues

Woodstock, Sept. 8 — Friends and neighbors are still searching the woods surrounding the home of Fru Drake on the Woodstock-West Hurley road, for her two Australian parakeets which flew from their cage over two weeks ago. Micky is distinguished by green and yellow coloring and Petie-Pete, who can talk, is all blue with a white topknot. She has asked that anyone spotting either bird kindly call Mrs. Arthur F. Wyman.

Fire Company Loans Piano to Foundation

Woodstock, September 8—The piano which will be used by the Woodstock Foundation for the two performances at the Woodstock Playhouse of "Funza-Poppin," has been loaned through the courtesy of Woodstock Fire Company No. 1.

Programs for the show have been designed and silk screen printed in color by Mrs. Milton Wagenfohr.

Legion Hears Report On Flood Victim Aid

Woodstock, Sept. 8—A report by William MacReady, adjutant and service officer of American Legion Post 1026, was made at the organization's meeting last Wednesday night, concerning the request made for aid for flood victims. MacReady reported that eight boxes of clothing had been collected and would be sent to the Salvation Army in Kingston, with the Legion designating the areas to which the clothing is to be sent. The Legion started its drive with a $50 donation, to which was added a $35 donation from the Rotary Club and a $15 donation from the Odd Fellows. The Legion made a contribution of $10, and it is hoped that other organizations will contribute to the fund for flood victims. An amount of $50 has already been sent by the Legion to Winsted, Conn., as was requested. Probably, MacReady said, any further donations will be sent to the Ellenville American Legion Post or the Tillson-Rosendale Legion Post.

Checks may be made payable to American Legion Post 1026, attention William MacReady, adjutant.

Home Bureau Rally

Woodstock, Sept. 8 — The Woodstock unit of the Home Bureau will hold their annual Fall Rally and luncheon Tuesday, Sept. 13, at 1 p. m. in the basement of the Dutch Reformed Church.

New Members Elected To Artists Group

Woodstock, Sept. 8 — On Thursday, Sept. 1, at the General Membership meeting of the Woodstock Artists Association, the following new members were elected to the board of directors: Ainslie Burke, Maurice Sievan, Tommy Zaidenberg and Arnold Blanch. Other members of the board are Rodney Lethbridge, who filled the unexpired term of Bruce Currie, and was re-elected unanimously for another year; Ben Johnson, Agnes Hart, Lynfield Ott, Robert Angeloch, Eugene Ludins, who was re-elected as chairman of the board. Arnold Blanch was elected to the office of vice president.

Riding on Glass

Detroit (AP) — Now they have come up with a glass tire. Glass fibers are combined with silicone rubber in a product which may be used for supersonic aircraft, exposed to temperatures varying as much as 400 degrees Fahrenheit. The firms which announced the development explained the tires are not planned for auto use because costs are too high.

Bad Bargain

Dallas, Tex. (AP)—Noil Jones, 37, spurned the offer of 5 years in prison if he pleaded guilty to murder. A jury gave him 75.

Low Readings Hit Part of N.Y.

Albany, N. Y., Sept. 8 (AP)—Frost coated the pumpkins and temperatures below or near freezing greeted early-risers in parts of New York state today.

Saranac Lake, in Adirondacks, reported a temperature of 27 at 5 a. m.

NEAR THE St. Lawrence river, it was 36 at Massena and 37 at Watertown. Chemung County Airport in the south-central section also reported 37. Rome and Albany registered 38 and Glens Falls 39.

Elsewhere, temperatures ranged through the low 40s, except for the New York city area. There, it was 55.

The weather bureau predicted that the higher elevations would warm up slightly tonight but that the lower spots would become a bit chillier. The skies are expected to remain fair at least until Saturday.

Asks Reinstatement

Milwaukee, Sept. 8 (AP)—The National Urban League called on President Eisenhower yesterday to reinstate Frank Horne and Corinne Morrow, racial relations specialists discharged last month by the government's Home Finance Agency. Horne, an advisor to FHA Administrator Albert Cole, spoke to the annual convention and said his discharge after 19 years of government service was explained as part of a reduction in force due to budget difficulties.

HADASSAH STARTS DRIVE—Ladies of the membership committee of Hadassah gathered Tuesday evening at the Jewish Community Center to start plans rolling for the annual Hadassah membership drive starting Monday. They are, seated, Mrs. Arthur Field; Mrs. Abraham Streifer, co-chairman; Mrs. George Starkman, chairman; and standing, Mrs. Louis Ellenbogen; Mrs. David Kline, publicity chairman; and Mrs. Morris Berman. Members will contact new members of the community and those not contacted may call Mrs. Starkman. The drive culminates with a membership supper Oct. 17. This is the 44th anniversary for Hadassah. Think It Through

By EDWARD F. HUTTON

"Men are never so likely to settle a question rightly as when they discuss it freely."

Today, there are new forces of despotism loose in the world—and particularly in our own country.

The Motor Machine Age is new in history. It has given rise to a vast industrial business economy,—also to a powerful and dominant labor force, which sweeps into the so-called liberal philosphy of political activities. The result is—a leftwing force in Government.

Mr. Hutton

We are now approaching an era of virtual labor government. Its direction is toward a redistribution of wealth and income in favor of labor. The design is a centralized government with authority to control production, property and services (but not wages or strikes!) — and with heavy taxes for social ends. Such a program means political handouts to pressure groups in such fields as power, housing, food, education and areas of employment. It's a political giveaway for votes and votes!

So the people here at home not only look out upon a world ridden by ancient barbaric forces of despotism, but also within our land, upon a form of despotic society by an opposite but equally potent force misnamed Liberalism.

This being so, can, or will our people maintain our capital system and preserve our freedom.

Neighbor, send this to your Congressmen.

Greene Woman Hurt When Struck by Car

Mrs. Mary Jubie, 65, of Cementon was injured Wednesday morning when she was struck by a car on Route 9W near her home, according to a state police report.

Hospital authorities this morning reported her condition as "good" and said she sustained lacerations of the left wrist, a possible fracture of the right clavicle and contusions of the left leg. She was taken to Greene County Memorial Hospital, Catskill.

State police reported the car was driven by Patrick Thompson, 44 Hoffman street, Kingston. Trooper D. R. Owen of Leeds sub-station investigated the accident.

Seek Cause of Blast

Detroit, Sept. 8 (AP)—Michigan Consolidated Gas Co. investigators today sought the cause of a gas main blast in a business section that injured four persons and resulted in $75,000 in damages yesterday. The explosion, which occurred on Livernois avenue on the northwest side, sent a tower of flames 400 feet in the air, set fire to 61 cars on a used car lot, smashed all the windows of a bank, tore yawning gaps in street pavement and sent hundreds scampering for cover.

THE MARQUEE

T.V. — STAGE — RADIO — RECORDS — PEOPLE

By DICK KLEINER

IT LOOKS like a three-way fight for your viewing attention on Sunday nights. For years **Ed Sullivan** and the **Colgate Comedy Hour** have competed for the 8-9 p. m. audience. Now, however, ABC-TV is getting into the act, and with a pretty potent plan, too.

Beginning Sept. 18, they'll present top **J. Arthur Rank** movies, from 7:30 on. The diabolical plot, of course, is to get you watching at 7:30 and hope you'll be so engrossed by 8 you'll stay tuned. With good films, this could happen. The first three movies scheduled are **James Mason** in "Odd Man Out," **Stewart Granger** and **Jean Simmons** in "Adam and Evelyn" and **Rex Harrison** and **Lilli Palmer** in "Notorious Gentleman."

* * *

A FEW FAST FACTS: Revlon, sponsor of "The $64,000 Question," is foolishly attempting to tamper with the format of that biggest hit of all . . . TV star **Jack Sterling** is investing in his own radio and TV station in the mid-west . . . Guild Films couldn't find a girl to play a Korean heroine opposite **Raymond Massey** in his "I Spy" series. They called the UN and cast a secretary to the Korean delegation . . . **Lisa Kirk's** supper club act has so impressed booker **William Morris** that he's assigned two writers to prepare a TV show for her . . . **Julie Wilson,** now heading the show at the Copa, is making her debut there—as a featured act. But she started her career there as a chorus girl.

* * *

Exit **Billy Williams'** Quartet. Enter Billy Williams and His Octet. And this is only a way-station. Before he's through, Billy Williams will be heading up a show business battalion.

The high-pitched tenor who has long been one of the biggest attractions in night clubs has some interesting ideas on his field. Mostly, he's begun to put them in practice, which is why he's added five men to his act.

"I think packaged shows are the coming thing," he says. By packaged shows, he means a device whereby a night-club owner buys only one set — such as Billy Williams and His Octet — and gets a complete show. These nine guys sing, dance, play instruments, include comedy in the package. Eventually Billy will add girls, specialty acts and maybe even a singing giraffe.

"We'll have a complete show," he says.

He's doing it for two very good reasons. First, he thinks young performers too often have nowhere to get experience. New singers, for instance, must either sing with a group or work for years trying to get a hit record. And if they do have a hit record and suddenly get big night-club offers, they haven't the experience to headline a show.

With Williams' group, "'a young singer will do the two numbers he can do best, and then get off stage quick." He won't have to carry a show, but he'll be getting valuable experience and building his name.

Floods Hit Hokkaido

Tokyo, Sept. 8 (AP)—Rampaging floods in eastern Hokkaido have killed at least three persons, injured seven and swamped more than 1,000 houses, Kyodo News Service said today. The flood, caused by heavy rains in the past 36 hours, is the ninth to hit the area this year. Forty-two bridges were reported destroyed and 4,800 acres of farmland inundated.

Asks Air Evacuation

Copenhagen, Denmark, Sept. 8 (AP)—Capt Knut Nakken of the Norwegian ship Jopeter, trapped propellorless in the drifting east Greenland ice pack, early today asked for air evacuation of 19 passengers. Helicopters from the U. S. Air Force base at Thule and the Danish Navy have been ready at Mestervig, further south, for several days and Nakken's request for evacuation is expected to start at once. The crew of 14 will stay aboard the ship.

Support Is Asked Of Wage Increase For N.Y. Police

Kingston, Sept. 8—The Police Conference today urged its 199 affiliated units to present requests for increased wages to their municipal officials and to secure public support for them.

The Conference said it doubts, in the light of recent wage increases in industry, that its formerly recommended $5,000 a year minimum salary for policemen will hold present men and attract qualified new ones to the police job.

IN A LETTER to unit presidents, copies of which were sent to mayors and police chiefs, Executive Secretary Peter Keresman said higher pay and increased benefits in industry indicate that more policemen will be attracted there "where the wage is well over $5,000 a year."

The Conference, he said, constantly is advising public officials that there is no point to going on in an "unsuccessful direction," and if there is to be law enforcement there must be better paid policeman.

IF BETTER PAY is not forthcoming, he added, it must be expected that there will be a continuation of resignations, difficulties with morale and failure to secure needed men.

Policemen are being asked to do more work "single handedly" Keresman said, and given greater responsibilities, without pay and working conditions matching their skill. He added that the public must put into police departments sufficient sources for policemen to be equipped with "interest, incentive and full respect for the job."

He said no man can do a good job without having these "essential tools" and enough help.

Los Angeles awaited a slight dent today in the heat wave that has sent the mercury to 100 degrees or higher for eight straight days. The Weather Bureau, reporting a gradual cooling trend, forecast a maximum downtown reading of 94. Some 84 deaths have been attributed directly or indirectly to the heat. The high temperatures are believed to have been a contributing cause in eight other deaths.

County Extension Group Maps Plans

The Council of Chairmen of the Ulster County Extension Service Association, Home Demonstration Department, formerly called the Ulster County Home Bureau, met Thursday, Sept. 1, at First Baptist Church on Albany avenue. Mrs. Carl Dedy of Lomontville, chairman, reviewed the purpose of council meetings to provide an opportunity for full explanation and discussion of county and unit programs and assist chairmen in meeting their responsibilities. Mrs. Guy Torsone of Highland, secretary, read the minutes of the June meeting. Mrs. George Sisti, Jr. of Plattekill summarized ways in which chairmen can give unit vice chairmen assistance and support with the local membership campaigns.

Mrs. Wallace Palen of New Hurley reported on plans for the annual meeting and banquet of the Extension Service to be held Wednesday, Oct. 26, at the New Hurley Dutch Reformed Church hall. Mrs. Kelso Sloan of Wallkill described the project making and displayed several she had made. Mrs. Millard Davis reported that $181.50 scholarship money was collected and contributed to the state scholarship fund this year. Miss Katherine Murphy, Executive Secretary of the Ulster County Tuberculosis and Health Association, reported on the development of the Mental Health Program in the county and gave highlights of the other activities of the association.

CHAIRMAN made recommendations for a long program for the county, meeting in small discussion groups with executive committee members.

Those present were: Mrs. Millard Davis, Accord; Mrs. Sophie Schneider, Bloomingdale; Mrs. Thomas Powers, Clintondale; Mrs. R. Earl Haley and Mrs. Elliott Kanter, Ellenville; Mrs. N. J. Bounfiglio, Flatbush; Mrs. Charles Huelston and Mrs. Carlton Beach, High Falls; Mrs. Guy Torsone and Mrs. Valmore Le Bel, Highland; Mrs. Roy Mayes, Hurley; Mrs. Clifford Donohue, Kingston Day; Mrs. Harold Winchell, Kripplebush; Mrs. Robert Metscher and Mrs. Goodman, Lake Katrine; Mrs. Carl Dedy, Lomontville; Mrs. Edward Sullivan and Mrs. Bell, Milton; Mrs. William Westcott, Napanoch; Mrs. Wallace Palen, New Hurley; Mrs. Fred Dubois, Jr., New Paltz; Mrs. W. Burger, Olive; Mrs. Harry Kennedy, Overlook; Mrs. Robert Baker, Plank road; Mrs. George Sisti, Jr., Plattekill; Mrs. Frank Bell, Port Ewen; Mrs. Gladys Stewart, Tillson; Mrs. Kelso Sloan, Wallkill; Mrs. H. Van Demark, Wiltwyck; Mrs. Emily Harrington, Woodstock; Mrs. George Schick, Yeagerville; Mrs. Hopper and Mrs. Walsh, Mt. Marion.

Paltz Auction, Fair Scheduled For September 10

The New Paltz Auction-Fair, sponsored by the Park and Recreation Association, will be held Saturday, Sept. 10, at the new park site, beginning at 9:30 a. m. It will continue until dark with three professional auctioneers on hand.

Purpose of the auction-fair is to gain development funds for the recently-purchased community park.

Two days before the auction, Thursday and Friday, Sept. 8 and 9, prospective buyers may look over the items which will be on sale and will have the opportunity to buy books and clothing.

People in the community have been digging into attics and basements for valuable items to contribute. Among the items already contributed are numerous pieces of furniture — antique chairs, rocking chairs, double deck bunk beds, studio couches, radio consoles, school desks, and a love seat. Other miscellaneous items include musical instruments, old cars, old jewelry, farm equipment, trunks, bags of rock wool insulation, books, clothing, stuffed dolls and many other items.

Spaghetti and lasagna dinners will be served to visitors on Friday, Sept. 9 and also on the night of the auction, Sept. 10.

Wallkill Holstein Places First at Fair

Roy Schoppman's 4-H Holstein two-year-old, of Wallkill, placed first in the 4-H classes at the New York State Fair. Roy's Holstein also placed 12th in competition with adult Holstein exhibitors.

David Mollenhauer of Tillson showed a Guernsey Senior Yearling heifer and placed 6th in the 4-H group, with a Brown Swiss Junior Yearling Heifer he placed 11th in his class.

John Romaine of Wallkill placed 13th with an Ayrshire Senior Heifer calf in the 4-H Class.

The Ulster County Dairy Judging Team, Leonard Rider, Accord, John Garrison, and Robert Garrison of Wallkill and Robert Kelder of Stone Ridge accompanied by Frank Coddington of Accord will participate in the 4-H Dairy Judging Contests Thursday at the New York State Fair.

"Cast thy bread upon the waters," was the advice of Solomon more than 2000 years ago. East followed this advice in today's hand, with excellent results.

South ruffed the second spade and entered dummy with the king of diamonds in order to lead the singleton club towards his hand. East was tempted to take his ace for fear of losing it, but he decided to risk the loss. By playing a low club, instead of the ace, East figuratively cast his bread upon the waters.

South won with the king of clubs and chortled with pleasure. He ruffed a club in dummy, got back to his hand with the ace of diamonds, ruffed another club in dummy, and then ruffed a spade to lead a fourth club.

West ruffed with the nine of hearts to shut out the dummy, and East's ace of clubs fell on this trick. Poor East never did make a trick with his ace of clubs, but he didn't regret it.

West next cashed the ace of trumps to take the last trump out of dummy, after which he could lead another spade to make South ruff that suit for the third time. This left South with only one trump, while East still had two trumps. East was therefore sure to get another trick, and the contract was doomed to defeat.

Now see what would happen if East tamely took his ace of clubs when that suit was first led from the dummy. East could then lead another spade to make South ruff for a second time, and South would ruff a low club in dummy and lead a trump. If West then took his ace, dummy's last trump would protect declarer against a spade continuation; and if West refused to take the ace of trumps the fall of the nine would warn South to abandon the trumps and lead the clubs. Either way, South would make his game contract.

Cameras Are Rulers

Norfolk, Va. (AP)—The navy is using cameras to determine the depth of water. Commander John A. Goodman told the Optimist Club this type of aerial reconnaissance has been successful with water as deep as 40 fathoms. Depths are figured from the frequency of the waves and the density of the negatives.

Why We Say--

Fresh from the fire is the true meaning of "brand new." "Brand" itself comes from the Anglo-Saxon word meaning fire. New metal products used to come from the forge bearing the maker's mark. After some use, the brand marks would begin to wear off, so the objects would no longer be "brand new."

County Extension Group Maps Plans

The Council of Chairmen of the Ulster County Extension Service Association, Home Demonstration Department, formerly called the Ulster County Home Bureau, met Thursday, Sept. 1, at First Baptist Church on Albany avenue. Mrs. Carl Dedy of Lomontville, chairman, reviewed the purpose of council meetings to provide an opportunity for full explanation and discussion of county and unit programs and assist chairmen in meeting their responsibilities. Mrs. Guy Torsone of Highland, secretary, read the minutes of the June meeting. Mrs. George Sisti, Jr. of Plattekill summarized ways in which chairmen can give unit vice chairmen assistance and support with the local membership campaigns.

Mrs. Wallace Palen of New Hurley reported on plans for the annual meeting and banquet of the Extension Service to be held Wednesday, Oct. 26, at the New Hurley Dutch Reformed Church hall. Mrs. Kelso Sloan of Wallkill described the project making and displayed several she had made. Mrs. Millard Davis reported that $181.50 scholarship money was collected and contributed to the state scholarship fund this year. Miss Katherine Murphy, Executive Secretary of the Ulster County Tuberculosis and Health Association, reported on the development of the Mental Health Program in the county and gave highlights of the other activities of the association.

CHAIRMAN made recommendations for a long program for the county, meeting in small discussion groups with executive committee members.

Those present were: Mrs. Millard Davis, Accord; Mrs. Sophie Schneider, Bloomingdale; Mrs. Thomas Powers, Clintondale; Mrs. R. Earl Haley and Mrs. Elliott Kanter, Ellenville; Mrs. N. J. Bounfiglio, Flatbush; Mrs. Charles Huelston and Mrs. Carlton Beach, High Falls; Mrs. Guy Torsone and Mrs. Valmore Le Bel, Highland; Mrs. Roy Mayes, Hurley; Mrs. Clifford Donohue, Kingston Day; Mrs. Harold Winchell, Kripplebush; Mrs. Robert Metscher and Mrs. Goodman, Lake Katrine; Mrs. Carl Dedy, Lomontville; Mrs. Edward Sullivan and Mrs. Bell, Milton; Mrs. William Westcott, Napanoch; Mrs. Wallace Palen, New Hurley; Mrs. Fred Dubois, Jr., New Paltz; Mrs. W. Burger, Olive; Mrs. Harry Kennedy, Overlook; Mrs. Robert Baker, Plank road; Mrs. George Sisti, Jr., Plattekill; Mrs. Frank Bell, Port Ewen; Mrs. Gladys Stewart, Tillson; Mrs. Kelso Sloan, Wallkill; Mrs. H. Van Demark, Wiltwyck; Mrs. Emily Harrington, Woodstock; Mrs. George Schick, Yeagerville; Mrs. Hopper and Mrs. Walsh, Mt. Marion.

Many men who work hard do it easily. The secret of turning off a great deal of work lies in doing it with as little wear and tear on the nervous system as possible. The man who likes what he is doing seldom feels the burden of it. It is a pleasant recreation to him. After all, there isn't a lot of difference between working hard and playing hard except one's attitude of mind toward it.

If one's work is drudgery, the drudgery is self imposed. It is not in the work itself. He works best who keeps his mind free from the thought of being ground down by his task, who keeps his spirits light and buoyant, who lives simply and refuses to be stampeded into the mad rush for diversion and thrills. There is a thrill and a diversion in living a simple, well ordered life, in being master, not slave, of one's job.—S. T. Osterhold.

Chinese are not usually very courageous in the wild woods.

The following, though, seems to show the ready wit of the race.

An old Chinese, delivering laundry in a mining camp, heard a noise and espied a huge brown bear sniffing his tracks in the newly fallen snow.

"Huh! He gasped. "You likee my tracks. I make some more."

Many men who work hard do it easily. The secret of turning off a great deal of work lies in doing it with as little wear and tear on the nervous system as possible. The man who likes what he is doing seldom feels the burden of it. It is a pleasant recreation to him. After all, there isn't a lot of difference between working hard and playing hard except one's attitude of mind toward it.

If one's work is drudgery, the drudgery is self imposed. It is not in the work itself. He works best who keeps his mind free from the thought of being ground down by his task, who keeps his spirits light and buoyant, who lives simply and refuses to be stampeded into the mad rush for diversion and thrills. There is a thrill and a diversion in living a simple, well ordered life, in being master, not slave, of one's job.—S. T. Osterhold.

Chinese are not usually very courageous in the wild woods.

The following, though, seems to show the ready wit of the race.

An old Chinese, delivering laundry in a mining camp, heard a noise and espied a huge brown bear sniffing his tracks in the newly fallen snow.

"Huh! He gasped. "You likee my tracks. I make some more."

Polio Passes Peak

Washington, Sept. 8 (AP)—Polio apparently has passed its peak for 1955, the Public Health Service said today. The service's weekly report on polio cases listed by the states showed 2,033 in the week ended Sept. 3, with no figures in from Nebraska and Montana. In the comparable 1954 week there were 2,101 cases.

commission two years ago, Bradley declared:

"We know it has to be changed in Albany and Trenton.

"We know that a knockout affair on the waterfront would not settle the situation. I don't want to see men lose a day's pay but there comes a time when you have to stand up and be counted—and the time is here, right now.

"Until such a time as we have a meeting and sit down with the governors, I am not going to recommend that the men go back to work."

THIS STATEMENT by the former tugboat captain was greeted with wild cheering, applause and stomping of feet.

Bradley left the hall with Anthony (Tough Tony) Anastasia, an ILA vice president and boss of the Brooklyn section of the waterfront.

"If it's not settled in a few days, I think even Liverpool, England, will go out," Anastasia commented without further explanation.

"I pray to God to help us," Anastasia repeated several times.

SAYING last night that a private union meeting would be held today, Bradley added: "I do not think that this meeting will resolve the situation at all. The men are of such a temper that we will have to come in with something concrete."

Bradley has said he would like to be able to guarantee his men that a fact-finding board would be set up by Gov. Averell Harriman of New York and Gov. Robert B. Meyner of New Jersey.

Meyner on Tuesday refused to see Bradley and stood behind the waterfront commission. Harriman last week declined to take part in formation of a "buffer committee" to operate in disputes between the ILA and the commission.

THE UNION, fighting the two-member commission since its inception two years ago, charges the agency with harshness, harassment and interference with its avowed functions.

Bradley said yesterday that Canadian longshoremen in Quebec, Montreal, Halifax and St. Johns would meet today and would probably join in the work stoppage.

In Baltimore last night, members of eight ILA locals were ordered to stay away from their jobs today.

Union officials in Philadelphia were expected to take similar action.

IN BOSTON, union heads scheduled a meeting for today "to see if we have a holiday." Some 2,000 dockers would be affected.

The union has not called its work stoppage a strike, but has not offered another name for it.

However the Waterfront Cleanup Commission and the New York Shipping Assn., which represents 170 shipping and stevedoring firms here, have called it a strike.

The association, whose members stand to lose a million dollars daily, yesterday obtained a State Supreme Court show-cause order directing the strikers to return to work. The order is returnable in court tomorrow.

Second row, Enid Goetchius, Hurley, Beth Smith, High Falls, Nancy Ellsworth, Port Ewen, Kathy Nolan, Lake Katrine, and Donna Pearson, Lake Katrine.

Injured in Collision

Renee Lumbert, of 21 Lincoln street, was reported slightly injured in a two-car mishap at Tremper avenue and O'Neil street at 7:05 p. m., yesterday. Officers Thomas McGrane and Gerard McCloskey reported that the sedan of Kenneth Evans, of Rosendale was headed south on Tremper avenue and the Lumbert car was going north on O'Neil street. Renee Lumbert was to be treated by a doctor for a mouth injury, the report said.

Sees Ike Victory

Washington, Sept. 8 (AP)—L. Judson Morhouse, New York Republican state chairman, said today if Governor Harriman of New York is the Democratic presidential nominee next year, President Eisenhower will carry New York by more than one million votes. Morhouse predicted that Eisenhower will be the Republican nominee and that he will be reelected.

Movement Is Checked

Washington, Sept. 8 (AP)—U. S. officials are tracking as best they can the movement behind the Iron Curtain of 32 young Americans traveling without proper passports. Some of 32 may have already come back home to return to college. Six were reported in Moscow this week as expenses-paid guests of the Soviet government. Nine or 10 others were said to be visiting in Red China. They went to Europe originally to attend the Warsaw Youth Festival in Red Poland last month.

1954. The largest jump occurred in Manhattan with an increase of 61.9 per cent. The Bronx showed a rise of 53.2 per cent over the previous high."

Javits said 45,579 youths under 21 got into some kind of official trouble" in New York city during 1954.

"CERTAINLY, the extremely high incidence of delinquency in this city and the appalling spiral in the rate during recent years presents a real emergency which the state and city must meet," Javits said.

Saying "a note of caution is appropriate" in dealing with the delinquency problem, Javits told the commission:

"There is an emergency of law enforcement as to children and youth, but there is room for neither vigilanteeism, vindictiveness nor wholesale condemnation. . . .

"LET US NEVER forget that we deal with our greatest resource when we deal with youth, that our greatest ally in this effort is the 95 per cent of youth itself in this city who are unaffected by delinquency, and that we must have confidence that rehabilitation and correction through our established institutions, given the needed financial and human support, can meet the challenge."

Javits said the hearings conducted by the State Commission have made clear that: "The root causes of juvenile delinquency and youth crime are found in broken homes; slum housing; inadequate education and religious training; lack of job opportunities; excessess in comics, TV and other entertainment media and the fears and frustrations of the atomic era; and our whole government and society need to help solve these problems."

Javits noted "substantial accomplishments from many quarters" in recent months in fighting the delinquency problem. He mentioned legislative action, the State Commission's work, local movements such as creation of youth boards and citizens committees, police department activity and the work of voluntary organizations.

The attorney general said the press of New York city "has done an outstanding job in helping to focus public attention on the seriousness of the problem."

He said he was inviting the newspapers to submit as testimony to the hearing commission the various special series of articles and editorials resulting from their investigations.

ceipts from districts amounting to $5,000 which is the balance of money representing state aid.

With the deduction of the individual districts' obligations of $34,256.20 and the total estimated receipts of $299,269.52 the balance to be raised by tax in addition to the individual districts' responsibilities amounts to $308,996.63.

THE BASIC TAX RATE for the purpose of raising this amount will be $46.04 which will apply to Pine Grove, Manorville, Saxton, Churchland, Asbury, Malden, West Saugerties, West Camp, High Woods, Daisy, Flatbush, Veteran, Glenerie, Blue Mountain, Fish Creek and Quarryville.

Due to bond redemption, short term notes and interest payments other communities have increased rates as follows. Village of Saugerties rate will be $52.90; Glasco, $72.12; Mt. Marion, $48.84; Katsbaan, $52.27 and Cedar Grove, $55.21.

The basic tax rate for town of Ulster residents in the district will be $42.14 and for Woodstock $56.93. All rates are figured per thousand of assessed valuation.

TOWN OF SAUGERTIES with an assessed valuation of $6,376,127 has a state equalization rate of .19 and true value of $33,558,565, and will raise 95 per cent or $293,546.80 while the town of Ulster residents in the district with an assessed valuation of $249,364, equalization rate of .21 and true value of $1,187,449 must raise .034 per cent or $10,505.88. Town of Woodstock residents in the district have an assessed valuation of $86,854 with an equalization rate of .15 and a true value of $579,027 must raise .016 per cent or $4,943.95 for central district purposes.

Elderly Recluse Has $150,000 Death Shows

Savannah, Ga., Sept. 8 (AP)—An elderly New York woman who died here recently while living as a recluse on a $60-a-month Social Security pension left an estimated $150,000 in cash and valuables.

The body of Mrs. Margaret Ann Mactear was found a week ago in a tourist cabin where she lived. She apparently died after becoming ill, Deputy Police Chief Leonard Hallman said.

Jewelry, estimated to be worth $50,000, and $16,690 in cash, mostly in new $100 bills with the serial numbers in sequence, were found pinned to the woman's corset. Stocks and bonds were in a paper bag.

So far no heirs have been found.

As far as known, Hallman said last night, Mrs. Mactear formerly lived at 762 Riverside Drive New York city, and was the widow of Mortimer Mactear, an employe of the American Telephone & Telegraph Co., who died six years ago.

She had lived in the tourist cabin since May 10 and previously lived in a tourist home at Daytona Beach, Fla.

Raymond D. Doney, tourist lodge owner in Savannah, said Mrs. Mactear rarely left her cabin, and was believed to be penniless except for her Social Security pension.

Ex-Con Shot Dead

New York, Sept. 8 (AP)—A defiant ex-convict who shouted "come and get me" to police was shot and killed in a taxicab in West 48th street last night as three passengers and the driver cowered near him. The gunman had held police at bay for almost 10 minutes before he was killed. The dead man was identified from his fingerprints as Peter Hatzis, 35, of 399 Flatbush avenue, Brooklyn. Police said he had a long criminal record and had been paroled last March 21 after serving time on a robbery conviction.

Synagogue News

TEMPLE EMANUEL, Rabbi Herbert I. Bloom, Ph.D.—Services will be held for Rosh Hashono, the Jewish New Year, Sept. 16 at 7:45 p. m. and Sept. 17 at 10 a. m. The following information concerning the Jewish New Year has been released by the Commission on Information About Judaism: Rosh Hashono, the Jewish New Year, will be observed in homes and synagogues throughout the world, beginning at sundown Friday, Sept. 16. Keynote of the holiday, the beginning of a 10-day span known as the High Holydays, is the belief that human nature can be improved by the application of divine ideals to daily life. Religious services on the holiday stress the theme of the possibility of overcoming weakness and faults. This idea is embodied in prayers, preachment and liturgy. Worship services on Rosh Hashono feature the sounding of the Shofar, or ram's horn, used as a bugle in times gone by. It summons the worshipper to do battle against his faults. According to legend, this year's observance marks the beginning of the year 5716 since the creation of the world. Jews do not make use of the Hebrew calendar on which this reckoning is based except for the timing of holidays and religious milestones. Climax of the High Holydays is Yom Kippur, the Day of Atonement, which falls this year on Monday, Sept. 26. Synagogue observance of Rosh Hashono takes place Friday night and Saturday in Reform temples; in Orthodoxo and Conservative synagogues, the New Year is celebrated for two days.

Power Output Increases

New York, Sept. 8 (AP)—Electrical energy distributed last week totaled 10,706,000,000 kilowatt hours, up 17.8 per cent over the 9,087,000,000 kilowatt hours of th esame week a year earlier, Edison Electric Institute said today. In the previous week of this year, the total was 10,906,000,000 kilowatt hours.

Aged Cardinal Dies

Amersfoort, Netherlands, Sept. 8 (AP)—Johannes Cardinal De Jong, courageous Roman Catholic prelate who spoke out against the Nazis during the occupation of The Netherlands, died early today. He would have been 70 on Saturday. The cardinal retired as Archbishop of Utrecht in April, 1951, because of ill health. His death brought to seven the vacancies in the College of Cardinals, which Pope Pius XII had brought to its full strength of 70 members in 1953.

Ex-Con Shot Dead

New York, Sept. 8 (AP)—A defiant ex-convict who shouted "come and get me" to police was shot and killed in a taxicab in West 48th street last night as three passengers and the driver cowered near him. The gunman had held police at bay for almost 10 minutes before he was killed. The dead man was identified from his fingerprints as Peter Hatzis, 35, of 399 Flatbush avenue, Brooklyn. Police said he had a long criminal record and had been paroled last March 21 after serving time on a robbery conviction.

Synagogue News

TEMPLE EMANUEL, Rabbi Herbert I. Bloom, Ph.D.—Services will be held for Rosh Hashono, the Jewish New Year, Sept. 16 at 7:45 p. m. and Sept. 17 at 10 a. m. The following information concerning the Jewish New Year has been released by the Commission on Information About Judaism: Rosh Hashono, the Jewish New Year, will be observed in homes and synagogues throughout the world, beginning at sundown Friday, Sept. 16. Keynote of the holiday, the beginning of a 10-day span known as the High Holydays, is the belief that human nature can be improved by the application of divine ideals to daily life. Religious services on the holiday stress the theme of the possibility of overcoming weakness and faults. This idea is embodied in prayers, preachment and liturgy. Worship services on Rosh Hashono feature the sounding of the Shofar, or ram's horn, used as a bugle in times gone by. It summons the worshipper to do battle against his faults. According to legend, this year's observance marks the beginning of the year 5716 since the creation of the world. Jews do not make use of the Hebrew calendar on which this reckoning is based except for the timing of holidays and religious milestones. Climax of the High Holydays is Yom Kippur, the Day of Atonement, which falls this year on Monday, Sept. 26. Synagogue observance of Rosh Hashono takes place Friday night and Saturday in Reform temples; in Orthodoxo and Conservative synagogues, the New Year is celebrated for two days.

Power Output Increases

New York, Sept. 8 (AP)—Electrical energy distributed last week totaled 10,706,000,000 kilowatt hours, up 17.8 per cent over the 9,087,000,000 kilowatt hours of th esame week a year earlier, Edison Electric Institute said today. In the previous week of this year, the total was 10,906,000,000 kilowatt hours.

Aged Cardinal Dies

Amersfoort, Netherlands, Sept. 8 (AP)—Johannes Cardinal De Jong, courageous Roman Catholic prelate who spoke out against the Nazis during the occupation of The Netherlands, died early today. He would have been 70 on Saturday. The cardinal retired as Archbishop of Utrecht in April, 1951, because of ill health. His death brought to seven the vacancies in the College of Cardinals, which Pope Pius XII had brought to its full strength of 70 members in 1953.

Mayor Proclaims Marshall Month

Mayor Frederick H. Stang today issued a proclamation in behalf of observance of September as John Marshall Bicentennial Month, and urged that "our people read the Constitution and study its history and its interpretations for a better understanding and appreciation of our country and of John Marshall."

The mayor noted that "John Marshall, soldier, diplomat, legislator and fourth Chief Justice of the United States, played a vital role in the strengthening of our constitutional form of government."

HIS LONG and distinguished term of office as Chief Justice from 1801 to 1835, he said, "was marked by precedent-setting decisions which have been important factors in the developing and maintaining the historic liberties of the people of the United States."

A wider public knowledge and appreciation of his work and achievements are desirable, he stressed, "in order to strengthen the moral, social and political structure of our nation and to help in the preservation and protection of the lives, liberties and property of all our people." He noted that Sept. 24 will be the 200th anniversary of John Marshall's birth.

Would Force Ike

Washington, Sept. 8 (AP)—Republican State Chairman Samuel L. Bodine of New Jersey spearheaded today a drive aimed at forcing an early announcement by President Eisenhower whether he will run again in 1956. Bodine said in an interview he will ask GOP state chairmen attending a campaign school here to organize formally and sign a petition asking the President to seek a second term. The New Jersey chairman predicted all would sign.

Reports on Revenue

Albany, N. Y., Sept. 8 (AP)—A New York Telephone Co. official testified today that the company had taken in more than 82 million dollars for directory advertising during 1953, 1954 and 1955. Russell Hughes, vice president in charge of revenue and regulatory matters, disclosed the revenue figures under cross-examination at a Public Service Commission hearing. The hearing is being held on the company's petition for a temporary rate increase of 34 million dollars a year.

Campus School At New Paltz To Open Monday

Campus Elementary School of State University Teachers College of New Paltz will open Monday, Sept. 12. All children enrolled will report at 8:40 a. m. Buses will operate on the same schedule as last year. Parents with children in three year nursery, four year nursery and kindergarten will be contacted by the teachers and informed when their children are to begin. Lunch will be served in the cafeteria at a nominal fee and lunch tickets will be sold on Tuesday morning before classes begin.

THE MENU IS substantial and includes spaghetti and meat sauce, frankfuters, chicken chow mein, hamburghers, grilled cheese with a variety of juices for each day in the week.

Children who have not been assigned to a room should report to the main office.

The school calendar includes 168 total days of school, four legal holidays and three conference days.

Fires Spreading

San Francisco, Sept. 8 (AP)—Ten firefighters were burned in California and one was reported missing in Oregon as flames ate through hundreds of thousands of acres of Pacific coast timber and brushlands today. Three new timber fires burst out of control in northern California and another roared four miles ahead in Oregon yesterday.

Church School Begins At Adventist Church

Perhaps the smallest school in Kingston opened here Tuesday, Sept. 6, when five students and one teacher convened in one room of the Seventh-Day Adventist Church, 30 Pearl street, but the textbook lessons and the attention given to character and personality development will be just as thorough as if the children were attending a larger school.

Miss Ruth Gove, teacher, said Adventist schools in this area are part of a chain of 5,000 ranging from elementary grades through university level. Adventist schools are supported 100 per cent by the church members and no government funds are used, she said.

Jersey Man Held For Grand Jury On Auto Charge

A 28-year-old Trenton, N. J., man was arrested on a charge of grand larceny first degree yesterday afternoon after wrecking a 1955 sedan he allegedly stole from an Ellenville street 15 minutes earlier.

Ellenville State Police said the driver of the stolen vehicle was James Blews of 262 Bellevue avenue, Trenton.

TROOPER Victor Van Kampen of the Ellenville Station and Trooper C. W. Teelon of the Ferndale Station, who made the arrest with Chief Frank Groppe of the Ellenville Police Department, said Blews was traveling west on Route 52 at Woodburne about 1:35 p. m. when the car went out of control, plunged off the north side of the road, hit a utility pole and careened into the rear of a parked bus owned by Stanley Wilson of Hurleyville.

Troopers said the bus was parked on the north side of the road facing west.

THE CAR, which was heavily damaged, had been parked on Center street, Ellenville, about 15 minutes earlier by Myrtle Bellinger of Newburgh, according to state police.

Theft of the car was discovered immediately and an alarm circulated by police authorities.

Troopers said Blews was detained at the scene of the accident by a "couple of citizens" until police arrived. They were not identified.

Blews was arraigned before Police Justice Benjamin Lonstein of Ellenville, waived examination and was held for the grand jury. He was committed to the Ulster County Jail.

Cyclist Is Hurt Near Ellenville

Willis Quick, Jr., 20, of Ellenville, is in critical condition at Veterans Memorial Hospital with severe injuries suffered early last night when he was flung from his motorcycle in a collision with a passenger car on Route 209 just north of Ellenville.

Ellenville State Police said Mr. Quick suffered a depressed fracture of the skull, a fractured jaw, fractured left arm and wrist and shock.

TROOPERS John Pergolizzi and Victor Van Kampen, who investigated, said Mr. Quick was proceeding south on Route 209 about 8:25 p. m. when his motorcycle was in collision with a passenger car operated by Ethel Myers, 46, of Ellenville, traveling north and making a left turn into a side road.

The accident occurred about 50 feet north of the village of Ellenville, troopers said.

36th Division Holds Reunion Service

The largest gathering of veterans of the 36th Infantry Division is expected to be held Friday, September 9, in New York city at the Hotel Mantinique.

General Fred L. Walker, wartime commander of this division during their fighting from Salerno to Rome, will be the guest of honor.

The men who wore the T-Patch, shoulder insignia of the 36th Division, will remember the pre-dawn darkness of Sept. 9, 1943 when they tumbled off the ropes into small landing craft bobbing on Salerno Bay ready to make the first U. S. assault onto continental European soil. The men who were left on this Salerno Beach are to be honored tomorrow in New York city.

Dr. Gerald W. Sumber of Kingston, who served with the Medical Detachment to the 143rd Infantry Regiment, 36th Inf. Division, throughout the entire combat history of the division, will attend as guest at this memorial service.

tricts to be formed in the village and appropriate regulations to be enforced. The commission will make preliminary reports and hold public hearings on their proposals prior to presentation of their recommendations to the Village Board.

Roy S. Helsmoortel, street commissioner reported that the long range street improvement program for the village would get underway on Monday when the removal of trees on Jane street would be undertaken by Percy Doyle. Removal of trees on the narrow street is in preparation of paving of the street with the newly purchased equipment. Commissioner Helsmoortel estimated that the paving on Jane street should be completed within the month.

ARTHUR F. SIMMONS, mayor, who presided recommended that some future action be taken for a control on trailers and trailer parks within the village. It was sited that the township of Saugerties had adopted such a measure last week to regulate the movement and permanent location of trailers and trailer camps within the township.

Prior to the regular meeting a public hearing was held for a petition by Acker Bus Lines of East Kingston to use certain village streets for transporting passengers. No opposition was voiced and the board approved the petition.

The board approved membership into the R. A. Snyder Fire Company of Cortland Martin Jr., Andrew Semays, Ralph Ricketson and Harry Whitney.

Mayor Proclaims Marshall Month

Mayor Frederick H. Stang today issued a proclamation in behalf of observance of September as John Marshall Bicentennial Month, and urged that "our people read the Constitution and study its history and its interpretations for a better understanding and appreciation of our country and of John Marshall."

The mayor noted that "John Marshall, soldier, diplomat, legislator and fourth Chief Justice of the United States, played a vital role in the strengthening of our constitutional form of government."

HIS LONG and distinguished term of office as Chief Justice from 1801 to 1835, he said, "was marked by precedent-setting decisions which have been important factors in the developing and maintaining the historic liberties of the people of the United States."

A wider public knowledge and appreciation of his work and achievements are desirable, he stressed, "in order to strengthen the moral, social and political structure of our nation and to help in the preservation and protection of the lives, liberties and property of all our people." He noted that Sept. 24 will be the 200th anniversary of John Marshall's birth.

Would Force Ike

Washington, Sept. 8 (AP)—Republican State Chairman Samuel L. Bodine of New Jersey spearheaded today a drive aimed at forcing an early announcement by President Eisenhower whether he will run again in 1956. Bodine said in an interview he will ask GOP state chairmen attending a campaign school here to organize formally and sign a petition asking the President to seek a second term. The New Jersey chairman predicted all would sign.

Reports on Revenue

Albany, N. Y., Sept. 8 (AP)—A New York Telephone Co. official testified today that the company had taken in more than 82 million dollars for directory advertising during 1953, 1954 and 1955. Russell Hughes, vice president in charge of revenue and regulatory matters, disclosed the revenue figures under cross-examination at a Public Service Commission hearing. The hearing is being held on the company's petition for a temporary rate increase of 34 million dollars a year.

Church School Begins At Adventist Church

Perhaps the smallest school in Kingston opened here Tuesday, Sept. 6, when five students and one teacher convened in one room of the Seventh-Day Adventist Church, 30 Pearl street, but the textbook lessons and the attention given to character and personality development will be just as thorough as if the children were attending a larger school.

Miss Ruth Gove, teacher, said Adventist schools in this area are part of a chain of 5,000 ranging from elementary grades through university level. Adventist schools are supported 100 per cent by the church members and no government funds are used, she said.

Jersey Man Held For Grand Jury On Auto Charge

A 28-year-old Trenton, N. J., man was arrested on a charge of grand larceny first degree yesterday afternoon after wrecking a 1955 sedan he allegedly stole from an Ellenville street 15 minutes earlier.

Ellenville State Police said the driver of the stolen vehicle was James Blews of 262 Bellevue avenue, Trenton.

TROOPER Victor Van Kampen of the Ellenville Station and Trooper C. W. Teelon of the Ferndale Station, who made the arrest with Chief Frank Groppe of the Ellenville Police Department, said Blews was traveling west on Route 52 at Woodburne about 1:35 p. m. when the car went out of control, plunged off the north side of the road, hit a utility pole and careened into the rear of a parked bus owned by Stanley Wilson of Hurleyville.

Troopers said the bus was parked on the north side of the road facing west.

THE CAR, which was heavily damaged, had been parked on Center street, Ellenville, about 15 minutes earlier by Myrtle Bellinger of Newburgh, according to state police.

Theft of the car was discovered immediately and an alarm circulated by police authorities.

Troopers said Blews was detained at the scene of the accident by a "couple of citizens" until police arrived. They were not identified.

Blews was arraigned before Police Justice Benjamin Lonstein of Ellenville, waived examination and was held for the grand jury. He was committed to the Ulster County Jail.

Cyclist Is Hurt Near Ellenville

Willis Quick, Jr., 20, of Ellenville, is in critical condition at Veterans Memorial Hospital with severe injuries suffered early last night when he was flung from his motorcycle in a collision with a passenger car on Route 209 just north of Ellenville.

Ellenville State Police said Mr. Quick suffered a depressed fracture of the skull, a fractured jaw, fractured left arm and wrist and shock.

TROOPERS John Pergolizzi and Victor Van Kampen, who investigated, said Mr. Quick was proceeding south on Route 209 about 8:25 p. m. when his motorcycle was in collision with a passenger car operated by Ethel Myers, 46, of Ellenville, traveling north and making a left turn into a side road.

The accident occurred about 50 feet north of the village of Ellenville, troopers said.

36th Division Holds Reunion Service

The largest gathering of veterans of the 36th Infantry Division is expected to be held Friday, September 9, in New York city at the Hotel Mantinique.

General Fred L. Walker, wartime commander of this division during their fighting from Salerno to Rome, will be the guest of honor.

The men who wore the T-Patch, shoulder insignia of the 36th Division, will remember the pre-dawn darkness of Sept. 9, 1943 when they tumbled off the ropes into small landing craft bobbing on Salerno Bay ready to make the first U. S. assault onto continental European soil. The men who were left on this Salerno Beach are to be honored tomorrow in New York city.

Dr. Gerald W. Sumber of Kingston, who served with the Medical Detachment to the 143rd Infantry Regiment, 36th Inf. Division, throughout the entire combat history of the division, will attend as guest at this memorial service.

Bootie Cakes Brighten New Baby Celebration

By GAYNOR MADDOX
NEA Food and Markets Editor

If you want to give a shower for a friend or relative expecting a baby, or for a newly arrived baby, we think you will like the idea of this bootie cake.

THIS BOOTIE CAKE is an appropriate and decorative welcome to the newly arrived baby.

Bootie Cakes
(Makes about 16 servings)

One package instant white cake mix, 1 cup water, 2 egg whites, unbeaten; ½ teaspoon almond extract, ¾ cup finely cut shredded coconut, tinted pink; butter cream frosting, blue and red food coloring, 2 marshmallows.

Empty cake mix into bowl. Add water, egg whites and almond extract. Beat 3 minutes until smooth and creamy. Pour half the batter into one 13x9x2-inch pan, which has been lined on bottom with paper. Sprinkle pink-tinted coconut over the batter.

Spoon remaining batter over the coconut, spreading carefully to avoid disturbing the coconut. Bake in moderate oven (350 degress F.) 35 to 40 minutes.

When cake is cool, cut into shapes of 2 baby's booties. Set cakes aside, uncovered, for about ½ hour so that cut sides will not crumble when frosted.

Prepare butter cream frosting. Reserve ¼ cup for decorating. Spread remainder over top and sides of each bootie. Tint half of the reserved frosting pale blue and the other half a delicate pink.

Using a cake decorator, make two wavy lines of the blue frosting at top of one bootie to resemble ruffles. At ankle make a dotted line of frosting to resemble a drawstring and two loops to resemble a bow. Repeat on other bootie, using pink frosting.

For pompons, slice marshmallows in half. Frost two halves blue and the other two pink. Sprinkle with white coconut and mount blue pompons on the pink-decorated bootie and pink pompons on blue bootie,

Butter Cream Frosting

Cream ½ cup butter or margarine until soft. Add ⅛ teaspoon salt. Measure 3½ cups (1 pound) sifted confectioners' sugar. Add part of sugar gradually to butter or margarine, blending after each addition. Then add 2 unbeaten egg yolks and 1 teaspoon vanilla. Blend well.

Add remaining sugar alternately with about 2 tablespoons milk until of right consistency to spread, beating after each addition until smooth.

TOMORROW'S DINNER: Creamed tuna and olives, steamed rice, buttered beans, French bread, butter or margarine, tomato and lettuce salad, frosted white cake (ready-mix), fruit, coffee, tea, milk.

Bootie Cakes Brighten New Baby Celebration

By GAYNOR MADDOX
NEA Food and Markets Editor

If you want to give a shower for a friend or relative expecting a baby, or for a newly arrived baby, we think you will like the idea of this bootie cake.

Bootie Cakes
(Makes about 16 servings)

One package instant white cake mix, 1 cup water, 2 egg whites, unbeaten; ½ teaspoon almond extract, ¾ cup finely cut shredded coconut, tinted pink; butter cream frosting, blue and red food coloring, 2 marshmallows.

Empty cake mix into bowl. Add water, egg whites and almond exiract. Beat 3 minutes until smooth and creamy. Pour half the batter into one 13x9x2-inch pan, which has been lined on bottom with paper. Sprinkle pink-tinted coconut over the batter.

Spoon remaining batter over the coconut, spreading carefully to avoid disturbing the coconut. Bake in moderate oven (350 degress F.) 35 to 40 minutes.

When cake is cool, cut into shapes of 2 baby's booties. Set cakes aside, uncovered, for about ½ hour so that cut sides will not crumble when frosted.

Prepare butter cream frosting. Reserve ¼ cup for decorating. Spread remainder over top and sides of each bootie. Tint half of the reserved frosting pale blue and the other half a delicate pink.

Using a cake decorator, make two wavy lines of the blue frosting at top of one bootie to resemble ruffles. At ankle make a dotted line of frosting to resemble a drawstring and two loops to resemble a bow. Repeat on other bootie, using pink frosting.

For pompons, slice marshmallows in half. Frost two halves blue and the other two pink. Sprinkle with white coconut and mount blue pompons on the pink-decorated bootie and pink pompons on blue bootie.

THIS BOOTIE CAKE is an appropriate and decorative welcome to the newly arrived baby.

Butter Cream Frosting

Cream ½ cup butter or margarine until soft. Add ⅛ teaspoon salt. Measure 3½ cups (1 pound) sifted confectioners' sugar. Add part of sugar gradually to butter or margarine, blending after each addition. Then add 2 unbeaten egg yolks and 1 teaspoon vanilla. Blend well.

Add remaining sugar alternately with about 2 tablespoons milk until of right consistency to spread, beating after each addition until smooth.

TOMORROW'S DINNER: Creamed tuna and olives, steamed rice, buttered beans, French bread, butter or margarine, tomato and lettuce salad, frosted white cake (ready-mix), fruit, coffee, tea, milk.

WHEN IN ROME

"I say aither and tomah-to. I have no objection to others saying eether and tomayto if they choose. But I've lately moved into a new community where my ways of pronouncing seems to cause much snickering and side glances and I'm afraid my new neighbors think me affected. You have always said when in Rome do as the Romans do, but I find it very awkward to say eether and tomayto. Must I change my pronounciation to conform to the ways of the community or may I continue saying what I have been used to saying and hope that they will in time to get used to it?"

As this is a case of choice of pronunciation because of locality, you should say what you always have said. If you were mispronouncing, that would be another story.

Whistling Girl

Dear Mrs. Post: I am a girl thirteen years of age. I often go around the house whistling one of the hit tunes of the day. My father objects to my doing this on the grounds that it is not lady like. Will you please give me your opinion?

Answer: When you are at home there is no reason on earth why you can't whistle. There is nothing unlady-like in a skillful, light whistle. A loud whistle going over and over the same tune is something else again and can become very annoying to the listeners.

Fruit or Shrimp Cocktail

Dear Mrs. Post: If a fruit or shrimp cocktail is the first course at dinner, is it put down directly on the service plate or must it first be put on a small plate?

Answer: A plate holding fruit or fish cocktail in a stemmed glass is placed on the service plate.

Should table linen be monogrammed? If so, where should it be placed? This and many other ideas on the types of linen for various occasions are included in Mrs. Post's leaflet E-32, "Table Linens." 'Living Themes' Is Basis of Fashion Show 8:15 Tonight at G. W. School Auditorium

Fashions for the busy person, whether she's a housewife, a career girl or a college girl, have been planned for the Montgomery Ward & Co. fashion show which opens to the public tonight, 8:15, in the George Washington Auditorium.

Instead of the usual runway-walk presentation, this show has been planned by Wards New York fashion coordinator, Miss Rita Perna, around living themes.

The opening scene is entitled, "We're going to town to shop for our new fall clothes." Another scene is built around the kind of apparel a woman wears when the family has dinner with her husband's boss. There will be a group of clothes for the college girl, for the woman who is family chauffeur, for shopping at the super market and for the woman who combines career with marriage and requires functional as well as fashionable clothing.

Other scenes in the show include, "We'll see you at church," "I like to relax at home," "Come over Saturday night," and the closing scene, "Fashion aflame with red."

Alderman-at-Large Joseph Kelly and Fire Chief James Brett will be the guests of honor. The show is being run as a benefit for the Kingston High School scholarship fund.

Roger Baer and his organ will provide the background music. The Jaguar used in the show will be furnished by Nadler Motor Sales and cosmetics were given by the United Drug Co.

Miss Perna will be the commentator.

drastic cuts will be made in currently approved defense programs in order to reduce fiscal year 1956 expenditures. There is no factual basis for these stories."

He said efforts will be continued to cut costs where possible but "no steps will be taken . . . which would adversely affect the attainment of approved force objectives and military readiness goals."

Before Robertson's statement was issued, the possibility of further defense cuts was criticized by Sens. Douglas (D.-Ill.) and Robertson (D.-Va.).

Sen. Robertson said he had written to President Eisenhower to protest further cuts. He told newsmen that if the United States and its allies cut their military strength "it's going to be too bad for the free world, in my opinion."

Douglas said any further cuts would be "a sacrifice of national security."

but these results are kept secret to build suspense.

The preliminaries in each of the three divisions continue tonight and tomorrow night, with the girls rotating in different categories.

By Saturday night, 10 semi-finalists will have been selected, and then the field narrows down to five. The new Miss America, who succeeds Lee Ann Meriwether of San Francisco as the nation's reigning beauty, is picked from among the five finalists.

In addition to the title, Miss America 1956 is in line for more than $50,000 in prizes and personal appearance fees.

Reports on Satellites

City Baseball League Series Starts Sunday at Athletic Field

Jones Dairy, N. Y. Panthers Clash in Opener

Maines and Bechtold Probable Pitchers

The City Baseball League's best-of-three championship series between Jones Dairy and New York Panthers starts Sunday at 2 o'clock at the Athletic Field.

The series shifts to Dietz Stadium for the second game on Sunday, Sept. 18.

If a third contest is necessary, it will be played as part of a doubleheader that same day, league president, Fred Davi, announced today.

PROSPECTS ARE good for one of the best playoffs in recent years. Jones Dairy will probably rule a slight favorite because of superior experience and the fact that City League playoffs are old hat to them.

The Panthers were sensational in the first half, racking up seven victories in eight games, but sloughed off in the abbreviated second round. The Dairymen came on fast in the latter stages of the season and won three games to cinch second half honors.

Some of the area's finest baseball talent can be found on the two squads. Jones Dairy features such power sluggers as Tom Carlino, undisputed home run king of the loop, Big Sal Misasi, Bob Shelightner, Ronnie Ashdown, Boo Schaffer and others.

THE DAIRY pitching staff is on the solid side with three standout flingers in Bruce Bechtold, Red Hinkley and Joe Modica.

Panthers have an aggressive, speedy squad and, of course, Bob Maines, Jack Houghtaling and Paul Giannuzzi are also available for hurling chores. Frank Secreto, John Godwin, Bill Haber, Skip Brohead and Steve Cea are among the Panther satellites.

Adios Eden Cops Yonkers Feature

Yonkers, N. Y., Sept. 8 (AP)—Adios Eden, a 4-1 shot with John Bedell at the reins, won the featured Fleetwood at Yonkers Raceway last night.

The 4-year-old colt, owned by Linwood Farm of Ridgewood, N. J., paced the mile in 2:05.1 to win by a neck and return $10.30, $6.10 and $4.20.

In second place was Mr. Prince Dale, driven by Stanley Dancer, and a length back, Sandra Grattan, handled by William Myer.

Cleveland, Red Sox Streaks Put Squeeze on Yanks, Chisox

BY ED WILKS
The Associated Press

It looks like New York and Chicago, caught in a vise between Cleveland and Boston, are feeling most of the pressure in that tight American League race while the first place Indians and the robust Red Sox are playing 'em free and loose.

Cleveland, making a half-game lead look big, rumbled past Baltimore 6-0 last night as Early Wynn gained his 200th major league victory and gave the Tribe seven triumphs in the last nine games. The Bostons, too, had a ball, blasting Detroit 7-4 for their sixth straight success.

THE YANKEES and White Sox got home safe to hold the pace, but they had a much tougher time of it. Whitey Ford spun his second one-hitter in six days, yet the second place Yanks had to scrap to beat Kansas City 2-1. And Chicago, 1½ games behind Cleveland and the same margin ahead of fourth place Boston, had a heckuva scare before edging Washington 4-3.

In the National League, meanwhile, Brooklyn whipped Milwaukee 3-1, giving the Dodgers no worse than a tie for the flag. One more victory by the Brooks, or another Milwaukee defeat, puts the pennant in Brooklyn.

Wynn marked up a 16-9 record for the season with a five-hitter. He walked three and had runners on base most of the time, but the Tribe backed him with four doubleplays and Larry Doby's two homers that drove in four runs.

Only teammate Bob Feller tops Wynn in victories among active major league pitchers.

TWO RUNS IN the first off loser Skinny Brown did it for the Indians. Doby's two shots applied the frosting.

Ford gave one of his six walks ahead of Jim Finigan's two-out, ground rule double in the seventh and after intentionally filling the bases, uncorked a wild pitch that left him in a 1-1 tie. The Yanks finally pulled it out when Arnie Portocarrero, who no-hit New York until the fifth, walked home the winning run in the ninth.

Boston's Frank Sullivan needed help to get his 17th victory. Ellis Kinder came on in the ninth after Sully gave up a two-run homer to Frank House and a walk with none out. Kinder got Reno Bertoia to hit into a doubleplay, then retired Bubba Phillips on a pop.

WASHINGTON, trailing all the way, pushed over a run in the ninth on a walk and two singles off Jack Harshman, who had allowed just three hits till then. Millard Howell relieved and was tagged for a pinch-single by Clint Courtney that drove in another run, but Jim Busby's perfect peg from center knocked off the potential tying run at third. Then Busby gathered in Eddie Yost's fly for the final out.

The Dodgers needed just five hits to put the Braves on the ropes. They scored their runs in the third off Lew Burdette on two singles, a walk, an error and Carl Furillo's double. Billy Loes spaced six hits for his 10th victory as the Brooks, who can clinch the flag at Milwaukee today, won their seventh straight.

In the other games, Bob Friend tossed a one-hitter, striking out eight and walking none, as Pittsburgh beat Chicago 2-0. New York walloped St. Louis 8-2 with winner Johnny Antonelli hitting one of three Giant home runs, and Cincinnati made the best of two errors to overhaul Philadelphia 6-3.

Peewee Wants Those Yanks

Dodgers Can Set Mark By Copping Flag Today

Milwaukee, Sept. 8 (AP)—The supercharged Brooklyn Dodgers can clinch the National League pennant today on the earliest date in the 79-year history of the senior circuit.

A victory over the second place Milwaukee Braves would raise the flag over the Dodgers' Ebbets Field and fracture a record of their own making.

Two years ago—in Milwaukee, ironically enough—the Dodgers made the 1953 flag a mathematical certainty on Sept. 12 for a new loop standard. The earliest pennant-clinching date in the majors is Sept. 4, set in 1941 by the New York Yankees.

But, whether they win here or in Chicago on the next stop of their western swing or even later, the Dodgers can't dispel the air of expectancy that hovers overhead.

..MANAGER Walter (Smokey) Alston, often closed-mouth and seemingly aloof, smiled at the antics of some of his players in the dressing room after last night's 3-1 victory over the Braves.

Over the loud sounds of a juke box, Alton said the Dodgers' showing was a team job all the way, with special emphasis on four factors:

The great return to form of Don Newcombe and Roy Campanella, the relief pitching of Ed Roebuck and Clem Labine and the success of the rookie pitchers Don Bessent and Roger Craig.

"Newk's pitching and Camp's hitting after their poor years in 1954 can't be overlooked. And neither can Roebuck's relief work in the first half of the season and Labine's all year, especially in the last half," Alston said.

"BESSENT and Craig came along at just the right time for us," he added. "With four sore-arm pitchers, (Carl) Erskine, (Johhnny) Podres, (Carl) Spooner and (Billy) Loes out at one time, the kids picked us up when we needed it the most. A few losses at the point in the race might have meant a big difference."

Craig and Bessent were purchased on July 15, Craig from Montreal, Bessent from St. Paul. Each won three games in a row before losing.

Many of the Dodgers are pulling for Cleveland to win the American League race because they figure the gate would be bigger at the Indians immense municipal stadium.

But, not Peewee Reese, shortstop and captain.

"Actually," said the oldest Dodger in point of service, "I'd like to see those Yankees take it and give me a chance to get even a little bit. They've beaten us five times in the series.

"I'd like to enjoy the satisfaction of turning the tables on them just once before I'm through."

George Hughes' stunning victory over Alvin Boice in the Twaalfskill Club finals again emphasizes the caprices of Lady Luck in a 36-hole match.

The Sweet Swinger's triumph over the tournament-hardened Boice was even more incredible than Bill Van Aken's comeback against Billy Waterous at Woodstock where the finals went down to the final green.

Van Aken rallied from a six-down deficit at the end of 18 to win 1 up on the 36th. But Hughes coming from behind to overhaul Boice from a "3 down 4 to go" situation was a 100 to 1 shot.

When Hughes completed the long fifth (32nd) with a double-bogie 7, he looked like an utterly whipped golfer. But when he exploded from the No. 6 trap a few moments later for a birdie-2, the tide changed and the fates began to smile on him. When Boice three putted from the 15 on the tricky seventh green (34th hole), the stage was set for one of the most amazing climaxes in Twaalfskill golf history.

The records show Boice wth four club crowns, Hughes with three. In the last two finals over 74 holes, the two aces have played to a flat-footed tie in hand to hand combat. You can't slice it much closer than that .

• Flotsam and Jetsam:

Except for the Ulster County Seniors Sunday at Twaalfskill, an inter-club at Woodstock on Sept. 18 and Twaalfskill's Pro-Member the 1955 golf season is fading out of the picture. A couple of incidents during the Hughes-Boice match emphasized the necessity and advisability of having a referee appointed by the golf committee for a match of such importance. . . . Major competition in the county during the 1955 season revealed the same old established names in command of the situation. Bill Van Aken captured the county (Herdegen Memorial) and the Woodstock title. Hughes prevailed at Twaalfskill where he and Boice have dominated the scene for seven straight years. The best newcomer of the crop was Bill Waterous of Woodstock, who starred in the Woodstock Open and carried Van Aken 37 holes in the club finals. Woodstock has the best looking batch of youngsters in Herb Waterous, Eric Knutsen, Norman Foster and Stephen DeLisio. Wiltwyck, of course, will have Leon Randall back in the fold for the 1955 season and that young veteran will have much to say about who rules the roost in Ulster county amateur golf.

Good weather, excellent preparation and promotion and the tremendous hospitality of the local Moose Lodge combined to make the New York State Small Fry tournament a whopping success here over the Labor Day weekend. The Kingston committee headed by Joe Fabiano, Tony Erena, William Ballard and others did a marvelous job. State officials were pleased with the treatment they received here and will return at an early date. John Ray Mayone and Jake Chichelsky contributed valuable service in recruiting a large corps of umpires and scorekeepers. The finals at Dietz Stadium were only modestly attended wth Kingston fans conspicuous by their absence. But on the whole it was a tremendous promotion that reflected great credit on the local Moose Lodge and the City of Kingston.

Kerhonkson High Cards Six Six-Man Football Contests

Kerhonkson High school has scheduled six games for its six-man football squad this fall, Head Coach Chick Meehan said today.

The KHS squad began practice this week with nine veterans from last year's squad still present.

Kerhonkson had a record of one win, two losses and two ties last fall. This mark is likely to improve.

Meehan said that the school does not contemplate moving into 11-man competition "unless we centralize."

Returning veteran linemen are Ronnie Miller, Floyd Sherman, Melvin Barnum, Mike Osterhoudt, and Phil McConnell.

Experienced backs are Werner Wustrau, Dick Steers, Art Stockin and John Mustion.

Promising newcomers were listed as Bill Mustion, Bill Smith, Jim Smith and Joe Sciarrino.

The Kerhonkson schedule:

Date	Opponent	Place
Sept. 23	Grahamsville	Away
Sept. 30	Chester	Home
Oct. 6	Marlboro	Away
Oct. 14	Maybrook	Away
Oct. 20	Wallkill	Away
Oct. 28	Montgomery	Home

Snead Favorite

Scotch Plains, N. J., Sept. 8 (AP)—Sam Snead held his usual favorite's role today as the $50,000 Cavalcade of Golf tournament began its 72-hole run at the Shackamaxon Country Club. He shot a promising "66 or 68" in a practice round over the course yesterday.

Yesterday's Stars

PITCHING — Whitey Ford, Yankees, hurled his second one-hitter in six days, beating Kansas City 2-1.

BATTING—Larry Doby, Indians, drove in four runs with two home runs in 6-0 triumph over Baltimore.

Basilio Wins Split Decision

Syracuse, N. Y., Sept. 8 (AP)—Welterweight champion Carmen Basilio and his managers took time today for a second thought before deciding whether to challenge for Carl (Bobo) Olson's middleweight title. Gil Turner gave them cause to pause last night.

Basilio narrowly edged out a split decision over the young Philadelphia Negro in their 10-round, non-title fight in the War Memorial Auditorium. Turner figured his surprising showing had earned him another chance at Carmen, this one for the title.

Turner weighed 151 to Basilio's 150¾.

Referee Ruby Goldstein scored it 5-3-2 Basilio, Judge Ted Shiels of Syracuse called it 7-2-1 Basilio an Judge Dick Albino of Syracuse made it even at five apiece.

The Associated Press gave it to Basilio 5-4-1.

City Baseball League Series Starts Sunday at Athletic Field

Jones Dairy, N. Y. Panthers Clash in Opener

Maines and Bechtold Probable Pitchers

The City Baseball League's best-of-three championship series between Jones Dairy and New York Panthers starts Sunday at 2 o'clock at the Athletic Field.

The series shifts to Dietz Stadium for the second game on Sunday, Sept. 18.

If a third contest is necessary, it will be played as part of a doubleheader that same day, league president, Fred Davi, announced today.

PROSPECTS ARE good for one of the best playoffs in recent years. Jones Dairy will probably rule a slight favorite because of superior experience and the fact that City League playoffs are old hat to them.

The Panthers were sensational in the first half, racking up seven victories in eight games, but sloughed off in the abbreviated second round. The Dairymen came on fast in the latter stages of the season and won three games to cinch second half honors.

Some of the area's finest baseball talent can be found on the two squads. Jones Dairy features such power sluggers as Tom Carlino, undisputed home run king of the loop, Big Sal Misasi, Bob Shelightner, Ronnie Ashdown, Boo Schaffer and others.

THE DAIRY pitching staff is on the solid side with three standout flingers in Bruce Bechtold, Red Hinkley and Joe Modica.

Panthers have an aggressive, speedy squad and, of course, Bob Maines, Jack Houghtaling and Paul Giannuzzi are also available for hurling chores. Frank Secreto, John Godwin, Bill Haber, Skip Brohead and Steve Cea are among the Panther satellites.

Adios Eden Cops Yonkers Feature

Yonkers, N. Y., Sept. 8 (AP)—Adios Eden, a 4-1 shot with John Bedell at the reins, won the featured Fleetwood at Yonkers Raceway last night.

The 4-year-old colt, owned by Linwood Farm of Ridgewood, N. J., paced the mile in 2:05.1 to win by a neck and return $10.30, $6.10 and $4.20.

In second place was Mr. Prince Dale, driven by Stanley Dancer, and a length back, Sandra Grattan, handled by William Myer.

The Dodgers needed just five hits to put the Braves on the ropes. They scored their runs in the third off Lew Burdette on two singles, a walk, an error and Carl Furillo's double. Billy Loes spaced six hits for his 10th victory as the Brooks, who can clinch the flag at Milwaukee today, won their seventh straight.

In the other games, Bob Friend tossed a one-hitter, striking out eight and walking none as Pittsburgh beat Chicago 2-0. New York walloped St. Louis 8-2 with winner Johnny Antonelli hitting one of three Giant home runs, and Cincinnati made the best of two errors to overhaul Philadelphia 6-3.

Peewee Wants Those Yanks

Dodgers Can Set Mark By Copping Flag Today

Milwaukee, Sept. 8 (AP)—The supercharged Brooklyn Dodgers can clinch the National League pennant today on the earliest date in the 79-year history of the senior circuit.

A victory over the second place Milwaukee Braves would raise the flag over the Dodgers' Ebbets Field and fracture a record of their own making.

Two years ago—in Milwaukee, ironically enough—the Dodgers made the 1953 flag a mathematical certainty on Sept. 12 for a new loop standard. The earliest pennant-clinching date in the majors is Sept. 4, set in 1941 by the New York Yankees.

But, whether they win here or in Chicago on the next stop of their western swing or even later, the Dodgers can't dispel the air of expectancy that hovers overhead.

..MANAGER Walter (Smokey) Alston, often closed-mouth and seemingly aloof, smiled at the antics of some of his players in the dressing room after last night's 3-1 victory over the Braves.

Over the loud sounds of a juke box, Alton said the Dodgers' showing was a team job all the way, with special emphasis on four factors:

The great return to form of Don Newcombe and Roy Campanella, the relief pitching of Ed Roebuck and Clem Labine and the success of the rookie pitchers Don Bessent and Roger Craig.

"Newk's pitching and Camp's hitting after their poor years in 1954 can't be overlooked. And neither can Roebuck's relief work in the first half of the season and Labine's all year, especially in the last half," Alston said.

"BESSENT and Craig came along at just the right time for us," he added. "With four sore-arm pitchers, (Carl) Erskine, (Johhnny) Podres, (Carl) Spooner and (Billy) Loes out at one time, the kids picked us up when we needed it the most. A few losses at the point in the race might have meant a big difference."

Craig and Bessent were purchased on July 15, Craig from Montreal, Bessent from St. Paul. Each won three games in a row before losing.

Many of the Dodgers are pulling for Cleveland to win the American League race because they figure the gate would be bigger at the Indians immense municipal stadium.

But, not Peewee Reese, shortstop and captain.

"Actually," said the oldest Dodger in point of service, "I'd like to see those Yankees take it and give me a chance to get even a little bit. They've beaten us five times in the series.

"I'd like to enjoy the satisfaction of turning the tables on them just once before I'm through."

George Hughes' stunning victory over Alvin Boice in the Twaalfskill Club finals again emphasizes the caprices of Lady Luck in a 36-hole match.

The Sweet Swinger's triumph over the tournament-hardened Boice was even more incredible than Bill Van Aken's comeback against Billy Waterous at Woodstock where the finals went down to the final green.

Van Aken rallied from a six-down deficit at the end of 18 to win 1 up on the 36th. But Hughes coming from behind to overhaul Boice from a "3 down 4 to go" situation was a 100 to 1 shot.

When Hughes completed the long fifth (32nd) with a double-bogie 7, he looked like an utterly whipped golfer. But when he exploded from the No. 6 trap a few moments later for a birdie-2, the tide changed and the fates began to smile on him. When Boice three putted from the 15 on the tricky seventh green (34th hole), the stage was set for one of the most amazing climaxes in Twaalfskill golf history.

The records show Boice wth four club crowns, Hughes with three. In the last two finals over 74 holes, the two aces have played to a flat-footed tie in hand to hand combat. You can't slice it much closer than that .

• Flotsam and Jetsam:

Except for the Ulster County Seniors Sunday at Twaalfskill, an inter-club at Woodstock on Sept. 18 and Twaalfskill's Pro-Member the 1955 golf season is fading out of the picture. A couple of incidents during the Hughes-Boice match emphasized the necessity and advisability of having a referee appointed by the golf committee for a match of such importance. . . . Major competition in the county during the 1955 season revealed the same old established names in command of the situation. Bill Van Aken captured the county (Herdegen Memorial) and the Woodstock title. Hughes prevailed at Twaalfskill where he and Boice have dominated the scene for seven straight years. The best newcomer of the crop was Bill Waterous of Woodstock, who starred in the Woodstock Open and carried Van Aken 37 holes in the club finals. Woodstock has the best looking batch of youngsters in Herb Waterous, Eric Knutsen, Norman Foster and Stephen DeLisio. Wiltwyck, of course, will have Leon Randall back in the fold for the 1955 season and that young veteran will have much to say about who rules the roost in Ulster county amateur golf.

Good weather, excellent preparation and promotion and the tremendous hospitality of the local Moose Lodge combined to make the New York State Small Fry tournament a whopping success here over the Labor Day weekend. The Kingston committee headed by Joe Fabiano, Tony Frena, William Ballard and others did a marvelous job. State officials were pleased with the treatment they received here and will return at an early date. John Ray Mayone and Jake Chichelsky contributed valuable service in recruiting a large corps of umpires and scorekeepers. The finals at Dietz Stadium were only modestly attended wth Kingston fans conspicuous by their absence. But on the whole it was a tremendous promotion that reflected great credit on the local Moose Lodge and the City of Kingston.

Kerhonkson High Cards Six Six-Man Football Contests

Kerhonkson High school has scheduled six games for its six-man football squad this fall, Head Coach Chick Meehan said today.

The KHS squad began practice this week with nine veterans from last year's squad still present.

Kerhonkson had a record of one win, two losses and two ties last fall. This mark is likely to improve.

Meehan said that the school does not contemplate moving into 11-man competition "unless we centralize."

Returning veteran linemen are Ronnie Miller, Floyd Sherman, Melvin Barnum, Mike Osterhoudt, and Phil McConnell.

Experienced backs are Werner Wustrau, Dick Steers, Art Stockin and John Mustion.

Promising newcomers were listed as Bill Mustion, Bill Smith, Jim Smith and Joe Sciarrino.

The Kerhonkson schedule:

Date	Opponent	Place
Sept. 23	Grahamsville	Away
Sept. 30	Chester	Home
Oct. 6	Marlboro	Away
Oct. 14	Maybrook	Away
Oct. 20	Wallkill	Away
Oct. 28	Montgomery	Home

Snead Favorite

Scotch Plains, N. J., Sept. 8 (AP)—Sam Snead held his usual favorite's role today as the $50,000 Cavalcade of Golf tournament began its 72-hole run at the Shackamaxon Country Club. He shot a promising "66 or 68" in a practice round over the course yesterday.

Yesterday's Stars

PITCHING — Whitey Ford, Yankees, hurled his second one-hitter in six days, beating Kansas City 2-1.

BATTING—Larry Doby, Indians, drove in four runs with two home runs in 6-0 triumph over Baltimore.

Basilio Wins Split Decision

Syracuse, N. Y., Sept. 8 (AP)—Welterweight champion Carmen Basilio and his managers took time today for a second thought before deciding whether to challenge for Carl (Bobo) Olson's middleweight title. Gil Turner gave them cause to pause last night.

Basilio narrowly edged out a split decision over the young Philadelphia Negro in their 10-round, non-title fight in the War Memorial Auditorium. Turner figured his surprising showing had earned him another chance at Carmen, this one for the title.

Turner weighed 151 to Basilio's 150¾.

Referee Ruby Goldstein scored it 5-3-2 Basilio, Judge Ted Shiels of Syracuse called it 7-2-1 Basilio an Judge Dick Albino of Syracuse made it even at five apiece.

The Associated Press gave it to Basilio 5-4-1.

Perrys Capture Second Win in Softball Playoff

Chez, Subway Tie; Hilltop, Hercules 1-Up in Series

Brisk football weather finds the City Softball championship unresolved, although Perry's enjoy the biggest bulge in the playoffs scoring their second in a row over Rapp's last night at Dietz Stadium, 8-5, in a best four of seven.

Chez Emile squared their series with the Legion taking a 10-4 decision. Subway also evened the count defeating Krovan, 3-2.

Hilltop and Hercules are one up in the best two of three series, the Hasbrouck avenue athletes edged the Destroyers, 9-8 and Les Pommiers thumped Hercules, 8-1.

CLIFF DAVIS collected a brace of hits, one a triple, in leading Perry's hitting attack. Bill Sinsabaugh poled a home run for Rapp's as each club got eight hits.

Fashioning a five-hitter, Tom Spada rifled a homer in Subway's victory. Tommy Maines blasted a double for the winners.

Joe Amato, who pitches like a mere youngster despite his years of service in the circuit, turned in a neat three-hitter for Les Pommiers. But Leninger helped him out with a double while "Bibs" Kozlowski turned one of Amato's serves into an extra-base blow.

CHEZ EMILE and Ben Freer got some pretty solid cannonading from Bill Glaser, Ronnie Scheffel and Bill Olen. Olen powered a home run. Mol Leonard stroked a double for the Legion and Andy Murphy walloped a triple.

Hilltop and Destroyers tried to match home runs but Hilltop had the edge on four-ply blasts by Bill Gavis and Ron Ashdown. Bill Taylor homered for the losers and Martin chipped in with a double.

Leafs, Royals Lose First IL Playoff Games

(By The Associated Press)

The pennant winning Montreal Royals and the runnerup Toronto Maple Leafs, who battled right down to the finish for International League championship, found themselves one down today after the first game of the playoffs.

The Royals, who had taken four straight from Rochester over the weekend to sew up the flag, bowed to the Red Wings 6-1 at Montreal. The Leafs dropped a 5-4 decision to the Cuban Sugar Kings of Havana at Toronto. Havana finished third during the regular season and Rochester fourth.

THE SECOND games of the best-of-seven series will be played tonight in Montreal and Toronto before shifiting to Havana and Rochester.

Football Briefs

Syracuse, Sept. 8 (AP) — Ed Coffin appears to have clinched the first-string fullback assignment on the Syracuse University football team.

The hard-running sophomore brought smiles again yesterday to the face of Coach Ben Schwartzwalder. Coffin has sparkled in workouts, both as a ball-carrier and as a defensive linebacker.

HAMILTON, Sept. 8 (AP)—Colgate Coach Hal Lahar has begun "separating the men from the boys."

Lahar put his football squad through a long line drill yesterday, while the backs worked on running and passing techniques.

Bruce Davis Hits 658 To Lead Major League; Betty Sass Slams 235

Bruce Davis powered a 658 series last night to lead the Central Rec Major and city keglers. He fashioned lines of 202, 244 and 658.

George Shufeldt tied the 244 solo and tripled 638 to spark Overhead Door to a 2918 team slam in the same league.

Female honors were shared by Betty Sass of the Friendship "B" League wth a 235 single and Marie Kelekian (533) in the Friendship's "A" League.

Eastern League Playoffs Shaping Up as a Battle

(By The Associated Press)

If the opening games are any indication, the Eastern League playoffs are going to be hard fought all the way.

Both of last night's semi-final contests went into extra innings.

It took the Schenectady Blue Jays 12 frames to down the pennant winning Reading Indians 5-3. The Allentown Red Bird-Binghamton Triplet tilt went scoreless for 11 innings before the Red Birds came through with a 3-0 victory.

AT READING, Lefty Jake Striker, dueled all the way with Schenectady's surprise starter, Don Ericson. Striker had retired two Jays in the top of the 12th, when Larry Novak and Frank Herrera belted out back to back homers, putting the game on ice.

Neal Hertweck, who rapped out a long, three-run homer with two out in the 11th, was the home-park hero. Up to that time the game had been a pitching duel betwen Binghamton's Jim Coates and Allentown's Marty Katuyna.

Tonight's games in the best-of-five semi-finals will find the same teams matched in the same stadiums. On Saturday play will move to Binghamton and Schenectady.

Perrys Capture Second Win in Softball Playoff

Chez, Subway Tie; Hilltop, Hercules 1-Up in Series

Brisk football weather finds the City Softball championship unresolved, although Perry's enjoy the biggest bulge in the playoffs scoring their second in a row over Rapp's last night at Dietz Stadium, 8-5, in a best four of seven.

Chez Emile squared their series with the Legion taking a 10-4 decision. Subway also evened the count defeating Krovan, 3-2.

Hilltop and Hercules are one up in the best two of three series, the Hasbrouck avenue athletes edged the Destroyers, 9-8 and Les Pommiers thumped Hercules, 8-1.

CLIFF DAVIS collected a brace of hits, one a triple, in leading Perry's hitting attack. Bill Sinsabaugh poled a home run for Rapp's as each club got eight hits.

Fashioning a five-hitter, Tom Spada rifled a homer in Subway's victory. Tommy Maines blasted a double for the winners.

Joe Amato, who pitches like a mere youngster despite his years of service in the circuit, turned in a neat three-hitter for Les Pommiers. But Leninger helped him out with a double while "Bibs" Kozlowski turned one of Amato's serves into an extra-base blow.

CHEZ EMILE and Ben Freer got some pretty solid cannonading from Bill Glaser, Ronnie Scheffel and Bill Olen. Olen powered a home run. Mol Leonard stroked a double for the Legion and Andy Murphy walloped a triple.

Hilltop and Destroyers tried to match home runs but Hilltop had the edge on four-ply blasts by Bill Gavis and Ron Ashdown. Bill Taylor homered for the losers and Martin chipped in with a double.

Leafs, Royals Lose First IL Playoff Games

(By The Associated Press)

The pennant winning Montreal Royals and the runnerup Toronto Maple Leafs, who battled right down to the finish for International League championship, found themselves one down today after the first game of the playoffs.

The Royals, who had taken four straight from Rochester over the weekend to sew up the flag, bowed to the Red Wings 6-1 at Montreal. The Leafs dropped a 5-4 decision to the Cuban Sugar Kings of Havana at Toronto. Havana finished third during the regular season and Rochester fourth.

THE SECOND games of the best-of-seven series will be played tonight in Montreal and Toronto before shifiting to Havana and Rochester.

CHAMPIONSHIP-BOUND SOFTBALL TEAM—Perry's Rest won its first two games in the inter-division playoff with Rapp's Express for the City Softball League championship. The team personnel, front, l to r: John Crespino, Bob Slover, Joe Venuti, Vincent Peck, Ed Trombley, Joe Wolf, Bud Venuti, batboy; rear row: Jack Houghtaling, Tony Musto, Roland Brooks, Harold Wolf, manager; Cliff Davis, Bob Graves, Malio Perry, sponsor; absent when photo was taken were Carlo Perry and Bill Slover. Football Briefs

Syracuse, Sept. 8 (AP) — Ed Coffin appears to have clinched the first-string fullback assignment on the Syracuse University football team.

The hard-running sophomore brought smiles again yesterday to the face of Coach Ben Schwartzwalder. Coffin has sparkled in workouts, both as a ball-carrier and as a defensive linebacker.

HAMILTON, Sept. 8 (AP)—Colgate Coach Hal Lahar has begun "separating the men from the boys."

Lahar put his football squad through a long line drill yesterday, while the backs worked on running and passing techniques.

Bruce Davis Hits 658 To Lead Major League; Betty Sass Slams 235

Bruce Davis powered a 658 series last night to lead the Central Rec Major and city keglers. He fashioned lines of 202, 244 and 658.

George Shufeldt tied the 244 solo and tripled 638 to spark Overhead Door to a 2918 team slam in the same league.

Female honors were shared by Betty Sass of the Friendship "B" League wth a 235 single and Marie Kelekian (533) in the Friendship's "A" League.

Eastern League Playoffs Shaping Up as a Battle

(By The Associated Press)

If the opening games are any indication, the Eastern League playoffs are going to be hard fought all the way.

Both of last night's semi-final contests went into extra innings.

It took the Schenectady Blue Jays 12 frames to down the pennant winning Reading Indians 5-3. The Allentown Red Bird-Binghamton Triplet tilt went scoreless for 11 innings before the Red Birds came through with a 3-0 victory.

AT READING, Lefty Jake Striker, dueled all the way with Schenectady's surprise starter, Don Ericson. Striker had retired two Jays in the top of the 12th, when Larry Novak and Frank Herrera belted out back to back homers, putting the game on ice.

Neal Hertweck, who rapped out a long, three-run homer with two out in the 11th, was the home-park hero. Up to that time the game had been a pitching duel betwen Binghamton's Jim Coates and Allentown's Marty Katuyna.

Tonight's games in the best-of-five semi-finals will find the same teams matched in the same stadiums. On Saturday play will move to Binghamton and Schenectady.

UCLA Pick For No. 1 Grid Spot

(By The Associated Press)

UCLA, the team the experts rated only second best last fall, is the pre-season pick for the 1955 national championship of college football.

But the Uclans, defending champions of the Pacific Coast Conference, barely gained the most-likely-to-succeed billing in a three-way voting scrap with Oklahoma and Michigan in the Associated Press annual pre-season balloting.

SPORTS WRITERS and broadcasters of the nation gave coach Red Sanders' Bruins a mere 53-point margin over the Sooners of Oklahoma coach Bud Wilkinson. UCLA, gathering 10 points for a first place ballot, nine for second, eight for third, etc., totaled 1,054. Oklahoma wound up with 1,001.

But Michigan, generally picked to succeed last year's national champion, Ohio State, as the ruler of the Big Ten, passed both UCLA and Oklahoma in first place votes. The Wolverines were accorded the No. 1 spot on 34 of the 135 ballots cast. UCLA had 33, Oklahoma 32.

Michigan, however, totaled only 870 points in the combined tally and settled for third place in the pre-season rankings.

Next came Ohio State, Maryland, Notre Dame, Army, Navy, Miami (Fla.) and Georgia Tech.

Two Officers Die In Stewart Crash

Newburgh, Sept. 8 (AP)—A plane coming in for an emergency landing crashed yesterday at Stewart Air Force Base, killing the two officers aboard and barely missing a crew of civilian workmen.

Shortly after takeoff, the T-33 jet trainer radioed that it was returning for an emergency landing. The plane just cleared the fence at the edge of the airfield but did not have enough altitude to reach the runway, and it crashed into a construction area where the civilians were at work.

The army identified the victims as Army Capt. John R. Hall Jr., 27, of Muscatine, Iowa, and 1st Lt. Eugene C. Etz., of the Air Force, of Independence, Kan. Both were married and Etz had two children.

Hall was on the faculty at the U. S. Military Academy at West Point, from which both he and Etz graduated. Etz was on the faculty of the Military Academy Preparatory School, located at Stewart Air Force Base.

Speech Site

Patrick Henry made his famous "Liberty or death" speech on March 23, 1775, in St. John's Episcopal Church, a comparatively small structure still standing on top of Richmond Hill in Richmond, Virginia.

Duck Season Runs 70 Days

Albany, Sept. 8 (AP)—The seasons on ducks, geese, brant and coot will run for 70 days in New York state this year, 10 days longer than the 1954 seasons.

The seasons for these varieties of migratory game birds were announced yesterday by Conservation Commissioner Louis A. Wehle as Oct. 15 through 23 upstate, and Oct. 29 through Jan. 6 on Long Island.

Wehle also announced the seasons on scoters, old squaw and eider duck on marine waters—Oct. 1-Oct. 31—and on rails (except sora) and gallinules on all waters—Sept. 1-Oct. 30.

The season on sora rail opened Sept. 1 and will end Oct. 30.

Hunters may take Wilson snipe Oct. 15-Oct. 29 upstate, and Oct. 29-Nov. 12 on Long Island.

ITHACA, Sept. 8 (AP)—Cornell Coach Lefty James, who ought to know a fullback when he sees one, saw one yesterday—in a halfback.

Bob Mcaniff, who ran out of half as a freshmen last season, worked on a construction job during the summer and reported weighing a well-conditioned 185 pounds.

UCLA Pick For No. 1 Grid Spot

(By The Associated Press)

UCLA, the team the experts rated only second best last fall, is the pre-season pick for the 1955 national championship of college football.

But the Uclans, defending champions of the Pacific Coast Conference, barely gained the most-likely-to-succeed billing in a three-way voting scrap with Oklahoma and Michigan in the Associated Press annual pre-season balloting.

SPORTS WRITERS and broadcasters of the nation gave coach Red Sanders' Bruins a mere 53-point margin over the Sooners of Oklahoma coach Bud Wilkinson. UCLA, gathering 10 points for a first place ballot, nine for second, eight for third, etc., totaled 1,054. Oklahoma wound up with 1,001.

But Michigan, generally picked to succeed last year's national champion, Ohio State, as the ruler of the Big Ten, passed both UCLA and Oklahoma in first place votes. The Wolverines were accorded the No. 1 spot on 34 of the 135 ballots cast. UCLA had 33, Oklahoma 32.

Michigan, however, totaled only 870 points in the combined tally and settled for third place in the pre-season rankings.

Next came Ohio State, Maryland, Notre Dame, Army, Navy, Miami (Fla.) and Georgia Tech.

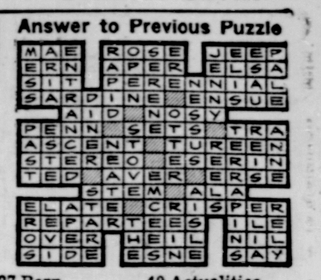
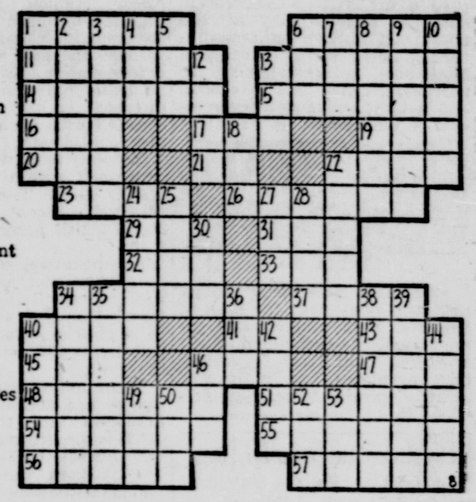
Answer to Previous Puzzle





Duck Season Runs 70 Days

Albany, Sept. 8 (AP)—The seasons on ducks, geese, brant and coot will run for 70 days in New York state this year, 10 days longer than the 1954 seasons.

The seasons for these varieties of migratory game birds were announced yesterday by Conservation Commissioner Louis A. Wehle as Oct. 15 through 23 upstate, and Oct. 29 through Jan. 6 on Long Island.

Wehle also announced the seasons on scoters, old squaw and eider duck on marine waters—Oct. 1-Oct. 31—and on rails (except sora) and gallinules on all waters—Sept. 1-Oct. 30.

The season on sora rail opened Sept. 1 and will end Oct. 30.

Hunters may take Wilson snipe Oct. 15-Oct. 29 upstate, and Oct. 29-Nov. 12 on Long Island.

ITHACA, Sept. 8 (AP)—Cornell Coach Lefty James, who ought to know a fullback when he sees one, saw one yesterday—in a halfback.

Bob Mcaniff, who ran out of half as a freshmen last season, worked on a construction job during the summer and reported weighing a well-conditioned 185 pounds.

Two Officers Die In Stewart Crash

Newburgh, Sept. 8 (AP)—A plane coming in for an emergency landing crashed yesterday at Stewart Air Force Base, killing the two officers aboard and barely missing a crew of civilian workmen.

Shortly after takeoff, the T-33 jet trainer radioed that it was returning for an emergency landing. The plane just cleared the fence at the edge of the airfield but did not have enough altitude to reach the runway, and it crashed into a construction area where the civilians were at work.

The army identified the victims as Army Capt. John R. Hall Jr., 27, of Muscatine, Iowa, and 1st Lt. Eugene C. Etz., of the Air Force, of Independence, Kan. Both were married and Etz had two children.

Hall was on the faculty at the U. S. Military Academy at West Point, from which both he and Etz graduated. Etz was on the faculty of the Military Academy Preparatory School, located at Stewart Air Force Base.

Speech Site

Patrick Henry made his famous "Liberty or death" speech on March 23, 1775, in St. John's Episcopal Church, a comparatively small structure still standing on top of Richmond Hill in Richmond, Virginia.

The Temperature

The lowest temperature recorded on The Freeman thermometer during the night was 46 degrees. The highest figure recorded up to noon today was 62 degrees.

Weather Forecast

NEW YORK CITY and vicinity: Sunny but a little on the cool side this afternoon with temperatures in the low 70's. Clear and cool again tonight with lowest near 55 in the city proper and 45 to 50 degrees in suburban areas. Friday fair and not much change in temperature, highest 70 to 75 degrees. Moderate to fresh north to northeast winds this afternoon and tonight and moderate northeast to east winds on Friday.

EASTERN New York: Sunny and cool today with the high in the 60s. Fair tonight and tomorrow. Quite cool tonight with scattered light frost in valleys and low places, low in the 30s. A little warmer tomorrow, high 65 to 75.

Crosby Clarifies Ruling

In order to clarify a statement previously made, Edward R. Crosby, principal of the Lake Katrine School, said today that primary children are permitted to be housed in temporary quarters providing they are on the ground floor. However, the State Education Department will not allow lower grade children to be in buildings where they have to climb one or two flights of stairs.

NATO Summoned

formed the council that order had been restored in Izmir and the base was operating normally. For this reason, NATO officials said, no action was taken as to Greek-Turkish cooperation at the base, which would be of prime NATO concern.

In London, where Greek-British-Turkish talks on Cyprus failed to reach agreement, Greek Foreign Minister Stephen Stephanopoulos said his country would continue a "peaceful fight" to achieve self determination for the people of Cyprus. He denied any intent by Greece to push for annexation of Cyprus.

On the island itself, Archbishop Makarios, leader of the Enosis (union with Greece) movement, vowed anew before a congregation of many thousands to push the fight to achieve self determination. "No prison, exile, or death shall deter us from our purpose," he said. The crowd responded with shouts of "we will give our blood."

Not only were western officials concerned with the situation in NATO itself. The future of the relatively recent Greece-Yugoslav-Turkish accord appeared in doubt.

Authoritative sources reported in Athens that a conference of the three Balkan pact nations' chiefs of staff, scheduled to be held in Ankara this month, had been postponed because of the rioting.

These informants added that Greece had decided against participation late this month in NATO maneuvers "because of the presence of Turkish forces." One Athens newspaper, The Middle-of-the-Road Eleftheria, declared editorially: "NATO has ceased to exist morally and technically."

The NATO meeting followed the breakdown in London of the British-Greek-Turkish conference on the chief issue behind the disorder—the future of the British Colony of Cyprus.

GREECE HAS been pushing a vigorous campaign for a self-determination plebiscite on Cyprus, an island off the south coast of Turkey which Britain uses as her Middle East defense headquarters. Because 80 per cent of the 500,000 Cypriots are of Greek descent, Greece is certain they would plump overwhelmingly for "enosis"—union with her.

The rest of the Cypriots are Turkish, and Turkey demands that Cyprus either stay under Britain or be returned to her. A communique announcing the failure of the London Conference to reach agreement quoted British Foreign Secretary Harold MacMillan as saying "there is no prospect of any change in the foreseeable future" in the status of Cyprus.

CATHOLIC WAR VETS MEET—Preliminary plans to organize a local organization of Catholic war veterans were made Wednesday night at St. Joseph's School. Among those present were seated (l-r) Guy Visk, who was named acting adjutant; Rogers Murphy, acting commander; John Machione and John Golgoski. Second row (l-r) Walter Budny, Francis Barry, Reynold Ferrari of Hempstead, L. I., and Alexander Spernyak, Glasco. Rear (l-r) Edward Burke, William Mihalsky, Jr., of Watervliet, James Fay, acting treasurer and Francis J. Sheehan. The Rev. James A. Dunnigan, pastor of St. Ann's Church, Sawkill, was named chaplain. An organizational meeting has been carded for Tuesday, Sept. 13 and formal plans were made for an opening meeting to be held Sept. 20 at the school hall at 8 p. m. All Catholic war veterans are invited to this meeting and will be accepted as charter members. Applications for membership may be procured from Acting Commander Murphy, 170 TenBroeck avenue. dents on the main line of the New York Central.

We would like to request that a thorough study be made of the possibility of providing adequate and convenient passenger service from a point on the main line near the bridge now under construction across the Hudson River.

The Kingston area is expanding at a rapid rate and we believe that passenger service is a necessity. We would be pleased to confer with you or any railroad representatives regarding the possibilities involved in this request.

Held on Charges

Vincent Nozzo, 25, of 136 Broadway, was arrested at 10:04 p. m., yesterday by Officers William Snyder and Joseph Keller on charges of speeding and having no operator's license. He pleaded not guilty before City Judge Raymond J. Mino today and the case was put over until Friday to allow him time to obtain counsel.

Oil Flow Blamed

Ulster Hose Company was called at 7:16 a. m., today to the Hollenbeck house, Tuytenbridge road, where an overheated space heater caused chimney damage. An excessive flow of oil was the apparent cause of the trouble, firemen said.

Names of 1905 Phone Users Are Sought Locally

There's a search on in the Kingston area now for local residents who had telephone service in 1905 or earlier.

The search was initiated by the New York Telephone Company, who will honor early supporters of the telephone as part of next month's 75th anniversary of telephone service in Kingston.

Leonard W. Herrick, local manager, is anxious to hear from—or about— any area resident who had Kingston telephone service at least 50 years ago.

"Drop in to see me at the Kingston business office, 14 Henry street, or call Kingston 9900. I'll be glad to talk to you," Mr. Herrick said.

A daytime temperature of 100 degrees Fahrenheit in the Sahara desert may drop below freezing that same night.
